(incorporated with limited liability in Australia)

€3,000,000,000

Euro Medium Term Note Programme unconditionally guaranteed by certain subsidiaries of Wesfarmers Limited

On 28 October 2008, Wesfarmers Limited (the **Issuer**) established a €3,000,000,000 Euro Medium Term Note Programme (the **Programme**) and issued an offering circular on that date describing the Programme. This Offering Circular supersedes any previous Offering Circular and any supplement thereto. Any Notes (as defined below) issued under the Programme on or after the date of this Offering Circular are issued subject to the provisions described herein. This does not affect any Notes issued prior to the date of this Offering Circular.

Under the Programme, the Issuer may from time to time issue notes (the **Notes**) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The payments of all amounts due in respect of any Notes will be unconditionally guaranteed by certain of the Issuer's subsidiaries for the time being Guarantors under the Trust Deed (as defined herein) entered into by the Issuer, such Guarantors (together, the **Guarantors** and each a **Guarantor**) and the Trustee (as defined herein). A list of the current Guarantors, which may change from time to time in accordance with the Trust Deed and the Terms and Conditions of the Notes, is available from the Issuer and/or the Principal Paying Agent upon request. Pursuant to the Trust Deed and the Terms and Conditions of the Notes, new Guarantors may be added or any or all of the Guarantors may be released from time to time, including during the term of any Series of Notes, without the consent of the Trustee or the Noteholders (as defined below) if the Guarantors are added or released as a guarantor under the Guarantee Deed Poll (as defined below) (see "Description of the Guarantors—Guarantee Structure").

Notes may be issued in bearer or registered form (respectively, **Bearer Notes** and **Registered Notes**). The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €3,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

Notes may be issued on a continuing basis to one or more of the Dealers specified under "Summary of the Programme" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue of Notes or on an ongoing basis. References in this Offering Circular to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed for by more than one Dealer, be to all Dealers agreeing to subscribe for such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "Risk factors".

Approval in-principle has been received from the Singapore Exchange Securities Trading Limited (the **SGX-ST**) for the listing of Notes that may be issued pursuant to the Programme and which are agreed at or prior to the time of issue thereof to be so listed on the SGX-ST. The SGX-ST assumes no responsibility for the correctness of any of the statements made or opinions expressed or reports contained in this Offering Circular. Approval in-principle for the listing of Notes on the SGX-ST is not to be taken as an indication of the merits of the Issuer, the Programme or Notes. Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under "Terms and Conditions of the Notes") of Notes will be set out in a pricing supplement (each, a **Pricing Supplement**) which, with respect to Notes to be listed on the SGX-ST, will be delivered to the SGX-ST before the date of listing of Notes of such Tranche.

The Programme provides that Notes may be listed or admitted to trading on, or by, such other or further stock exchange(s) and/or competent listing authorities as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Issuer may agree with any Dealer and the Trustee (as defined herein) that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes set out herein, in which event (in the case of Notes intended to be listed on the SGX-ST) a supplementary Offering Circular, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

IMPORTANT — EEA AND UK RETAIL INVESTORS — If the Pricing Supplement in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA and UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**) or in the United Kingdom (the **UK**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the **Prospectus Regulation**). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

The Notes and the guarantee of the Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**), or with any securities regulatory authority of any state or other jurisdiction of the United States, and the Notes may include bearer Notes that are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold, or, in the case of definitive Notes, delivered within the United States or to, or for the account or benefit of, U.S. persons. The Notes are subject to certain restrictions on transfer, see "Subscription and Sale".

The Programme is rated by S&P Global Ratings Australia Pty Ltd (**Standard & Poor's**) and Moody's Investors Service Pty Limited (**Moody's**). Notes issued under the Programme may be rated or unrated. Where a Series (as defined below) of Notes is rated, the relevant ratings for such Notes shall be specified in the applicable Pricing Supplement.

Such rating will not necessarily be the same as the rating(s) assigned to the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency. Credit ratings in respect of the Notes or the Issuer are for distribution to persons who are not a "retail" client within the meaning of section 761G of the Corporations Act (as defined below) and are also sophisticated investors, professional investors or other investors in respect of whom disclosure is not required under Parts 6D.2 or 7.9 of the Corporations Act and in all cases in such circumstances as may be permitted by applicable laws in any jurisdiction in which an investor may be located. Anyone who is not such a person is not entitled to receive this Offering Circular and anyone who receives this Offering Circular must not distribute it to any person who is not entitled to receive it.

MiFID II product governance / target market — The Pricing Supplement in respect of any Notes may include a legend entitled “MiFID II product governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer

subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MIFID Product Governance Rules.

This Offering Circular is not, and is not intended to be, a disclosure document within the meaning of section 9 of the Australian Corporations Act 2001 (Cth) (the **Corporations Act**), or a Product Disclosure Statement for the purposes of Chapter 7 of the Corporations Act. In particular, this Offering Circular has not been lodged with the Australian Securities and Investments Commission.

- (b) the euro equivalent of Dual Currency Notes, Index Linked Notes and Partly Paid Notes (each as specified in the applicable Pricing Supplement in relation to the relevant Notes, described under "*Form of the Notes*") shall be calculated in the manner specified above by reference to the original nominal amount on issue of such Notes (in the case of Partly Paid Notes regardless of the subscription price paid); and
- (c) the euro equivalent of Zero Coupon Notes (as specified in the applicable Pricing Supplement in relation to the relevant Notes, described under "*Form of the Notes*") and other Notes issued at a discount or a premium shall be calculated in the manner specified above by reference to the net proceeds received by the Issuer for the relevant issue.

The obligations of each Guarantor under such guarantee will be direct, unconditional and (subject to the provisions of Condition 4 (<i>Covenants</i>)) unsecured obligations of the Guarantor and will rank <i>pari passu</i> and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of such Guarantor from time to time outstanding.
Use of Proceeds:	The net proceeds from each issue of Notes will be applied by the Issuer for repaying portions of its existing debt and for general corporate purposes. If, in respect of any particular issue of Notes, there is a particular identified use of proceeds, this will be stated in the applicable Pricing Supplement.

For so long as any Notes are listed on the SGX-ST and the rules of the SGX-ST so require, such Notes will be traded on the SGX-ST in a minimum board lot size of S\$200,000 (or its equivalent in other currencies).</p> <p>The Issuer may, in its discretion, make an application to list any Notes issued under the Programme on the Australian Securities Exchange (the ASX). If the Issuer elects to make an application to list any Notes on the ASX this will be specified in the applicable Pricing Supplement and it is wholly within the discretion of the ASX whether to accept such an application. Any such listing is subject to the ASX Listing Rules and the ASX Market Rules and may be subject to any other conditions imposed by the ASX.</p> <p>Unlisted Notes may also be issued. RISK FACTORS

The following section outlines the risk factors that the Issuer has identified as having the potential to materially impact its operations and which may affect the ability of the Issuer and Guarantors to fulfil their obligations under Notes issued under the Programme. The risks described are not intended to be an exhaustive list. Neither the Issuer nor the Guarantors are in a position to express a view on the likelihood of any such risk occurring. Prospective investors should note that the following factors are not set out in any particular order of relevance or priority.

In addition, factors which (although not exhaustive) could be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should note that the inability of the Issuer or the Guarantors to pay interest, principal or other amounts on or in connection with any Notes may occur for reasons which may not be considered significant by the Issuer and the Guarantors based on the information currently available to them, or which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Offering Circular and reach their own views prior to making any investment decision. Prospective investors should also consult their own financial and legal advisers about risks associated with an investment in any Notes issued under the Programme and the suitability of investing in such Notes in light of their particular circumstances.

Economic and market risk factors applicable to all of the Issuer's businesses

COVID-19

The outbreak of the COVID-19 pandemic (the **Pandemic**) has had a significant impact on the operation of the Issuer's businesses both on and offshore. The Issuer's businesses are likely to continue to be impacted by the Pandemic. Trading restrictions in Australia and New Zealand resulted in additional costs and in some locations the Issuer's businesses were either unable to trade, or traded at reduced capacity for periods of time. Increased costs are also associated with the development and implementation of COVID-19 safe ways of operating.

Pandemic-related impacts at point of origin and the restrictions placed on travel and movement by various governments around the world have impacted the availability and supply of goods. Local restrictions on movement and various levels of lockdown have impacted demand. Local restrictions on movement have also changed the ways in which goods are purchased with customers turning to online purchasing which has put pressure on technology and online fulfilment.

The Issuer expects that it will continue to be impacted by the Pandemic as the situation and the responses of its businesses continue to evolve. Economic impacts of the Pandemic are also likely to continue to present challenges for some time including consumer demand for certain goods, the availability of goods and the ways in which goods are purchased and customers serviced.

Economic Downturn

General economic conditions affecting the markets in which the Issuer operates, including changes in: levels of economic activity; the rate of inflation, interest rates and foreign currency exchange rates; fiscal or monetary policy by central banks; commodity prices; climatic conditions (such as major floods and droughts); general consumer sentiment; the availability and cost of credit; employment levels and labour costs; aggregate investment and economic output; asset values; and changes resulting from movements in local and international equity markets. In particular, economic conditions impacting on consumer spending, consumer indebtedness, housing affordability and low wage growth may lead to business and consumer uncertainty, a decline in retail demand and a reduction in earnings.

The Pandemic, and the impact that it may have on consumer confidence, retail and industrial demand and earnings are discussed in the "COVID-19" risk factor above.

Australia / New Zealand Political Risk

Australian and New Zealand political decisions, events or conditions, particularly changes in governments, may result in adverse legislation or other changes to business.

Geo-political Risk

The Issuer's businesses may be impacted by international and regional political events which impact the outlook for financial markets and the global economy including, but not limited to:

- Slowing economic growth in China, together with trade conflicts, are resulting in increased uncertainty of markets linked to China. Trade tariffs or restrictions on Australia's imports or exports could be targeted by either nation.
- In Europe, several countries continue to carry high levels of sovereign debt and there are significant uncertainties surrounding the departure of the United Kingdom from the European Union.
- In the Middle East, political unrest in various countries could result in economic instability and uncertainty.

Any fluctuations in the market as a consequence of global political instability may have an adverse effect on the Issuer's profitability, financial performance, strategy execution and the market value of the Notes beyond the control of the Issuer.

Liquidity and Funding Markets Risk

Market conditions and the operating performance of the Issuer may affect its borrowing costs and capacity to repay its debt, refinance its debt facilities or raise further debt.

The Issuer is exposed to liquidity risk primarily due to its capital management policies, which view debt as a key element of the Issuer's capital structure. To facilitate effective use of debt as part of the capital structure, the Issuer continues to maintain investment grade credit ratings from Standard & Poor's and Moody's. These policies expose the Issuer to risk including the sufficiency of available unused facilities and the maturity profile of existing financial instruments.

Foreign Currency Movement Risk

The Issuer is subject to some foreign currency exchange rate risks and movements in exchange rates, particularly where they are sudden and unexpected, may affect the costs of imports or the proceeds from exports and negatively affect its financial performance.

The Issuer's primary currency exposure is to the U.S. dollar and arises from sales or purchases by the Issuer's businesses in currencies other than the division's functional currency. The Issuer is also exposed to the Euro through its bond issuances, although they are hedged.

As a result of operations in New Zealand, the Issuer's balance sheet can also be affected by movements in the AUD/NZD exchange rate.

Commodity Price Risk

The Issuer's profitability depends, in part, on commodity prices in a variety of industries including gas, chemicals, fertilisers and resources, all of which produce or utilise commodities which are traded on international markets or are affected by international commodity pricing, including the price of diesel fuel, Brent oil, natural gas, ammonia and liquefied petroleum gas. Commodity prices can be affected by a range of factors outside the control of the Issuer, such as currency exchange rates, regional and global supply and demand, competition, prices for end products using raw materials, prices and availability of substitutes, the structure of Australian and world energy markets and general economic conditions. These prices may fluctuate significantly.

The Issuer's exposure to commodity price risk is purely operational and arises from the purchase of inventory with commodity price as a significant input, such as natural gas and Brent oil. Operating costs, such as electricity, may also be impacted.

Interest Rate Risk

The Issuer's exposure to the risk of changes in market interest rates relates primarily to the Issuer's debt obligations that have floating interest rates.

Credit Risk

Credit risk is the risk that a contracting entity will not complete its obligation under a financial instrument or customer contract that will result in a financial loss to the Issuer. The Issuer is exposed to credit risk from its

operating activities (primarily from customer receivables) and from its financing activities, including deposits with financial institutions, foreign exchange transactions and other financial instruments.

Impairment Risk

The Issuer regularly undertakes detailed impairment testing of its non-current assets, including goodwill and other intangible assets recognised on acquisition of businesses. In the event that general trading conditions and prospects deteriorate or factors underlying assumed discount rates, such as assumed long term interest rates, change, the determined recoverable amount of certain non-current assets may fall below its carrying value. This would result in a write-down of the carrying value of that asset which would have an adverse effect on the Issuer's reported earnings as well as affecting financial ratios, such as debt to equity and interest coverage.

Financial Accounting and Reporting Risk

The Issuer's reported results from operations and financial position may be adversely affected by changes in financial reporting and accounting policies or changes in applicable accounting standards.

Tax Risk

The Issuer is exposed to risks arising from the manner in which tax regimes in Australian and overseas may be applied and enforced, in terms of both its own tax compliance and the tax aspects of its transactions. The applicability and changes of tax legislation may adversely impact on the Issuer's business, strategy and financial performance.

There is also a risk that the Issuer may pay, or account for, an incorrect amount of tax and be subject to penalties.

Strategic and commercial risk factors applicable to all of the Issuer's businesses

Strategy Execution

The Issuer plans to grow through operational improvements as well as planned expansions of its businesses. The Issuer may not be able to effectively execute the strategies for its current and future acquired businesses resulting in reduced growth and a potential loss in market share. Planned growth through the expansion of its existing businesses could also expose the Issuer to additional and unforeseen costs, including regulatory and other costs associated with operating in industries and jurisdictions in which it previously has not operated, and may strain financial and management resources. The Issuer may not achieve planned operational improvements if, for instance, it is unable to effectively use data to obtain market intelligence and increase productivity.

Portfolio Management

From time to time the Issuer evaluates acquisition and divestment opportunities. Acquisitions and disposals would lead to a change in the sources of the Issuer's earnings, may result in variability in earnings over time, and may give rise to liabilities. Integration of new businesses into the Group may be costly and may occupy a large amount of management's time.

Joint Ventures and Strategic Alliances

The Issuer operates parts of its businesses through joint ventures and strategic alliances. Through the use of joint ventures and strategic alliances, the Issuer is subject to additional risks and uncertainties in that it may be dependent upon, and subject to liability, losses or reputational damage relating to, systems, controls and personnel that are not under its control. In addition, conflicts or disagreements between the Issuer and its joint venture and strategic alliances may negatively impact its businesses.

Competition

The Issuer's businesses operate in dynamic and competitive markets and face strong competition from new and existing competitors. Customer expectations and trends driven by social, environmental and demographic factors are also rapidly evolving. If the Issuer fails to compete effectively or meet or adapt to those changing expectations and trends, this could adversely affect the Issuer's market share and its ability to execute profitable growth strategies.

Damage or dilution to brands

The Issuer's businesses depend substantially on their respective brand reputations. Poor quality products, non-compliance with the Issuer's values or relevant legislation, including legislation relating to consumer protection, safety and ethical and sustainable sourcing, increasing government and regulatory scrutiny, negative publicity at the brand level or other factors in these, may damage the reputation and efficacy of the Issuer's brands.

Further, the Issuer's brands may be subject to dilution because of brand infringement by third parties or because of inconsistent product quality. Any of these factors could materially adversely affect the value of the Issuer's brands. If any of the Issuer's brands are damaged or diluted, the Issuer may face significant expense repairing the damage or dilution or rebuilding its brands.

Shift in Market Dynamics

A number of external factors may impact market demand and supply for products. If any of the Issuer's brands are impacted by a shift in market dynamics, it may impact strategic, operational and financial performance.

Changes to demand and supply for a product may result from factors including, but not limited to, a shift in consumer tastes, inclement weather and natural disasters such as flood, fire or drought.

Regulatory Change

The Issuer operates in various highly regulated industries and is subject to a range of industry specific, general legal and other regulatory obligations (including licensing requirements and operating permits) which may change over time or as a result of a change in government or which are driven by changing community expectations. Adverse changes or the introduction of new regulations may limit growth and materially increase direct and indirect compliance costs and other expenses of doing business. The reintroduction of a carbon tax in Australia or any other significant tax reform may lead to a loss of confidence in businesses and consumers. Non-compliance with these laws and regulations may result in financial or other penalties being levied against the Issuer or its subsidiaries, a downgrading within the investment community or the loss of certain licences or other rights to carry on regulated activities.

Digital disruption

Digital disruptions to industry structures, including through new entrants in the market making use of digital and other technology, could materially adversely affect the financial condition of the Issuer's businesses. Such businesses may not be able to manage that risk appropriately and compete without making significant changes to their business models.

To mitigate these risks, the Issuer's businesses have a broad strategic agenda to drive further growth by creating better experiences for customers and the wider community and achieving greater brand reach, both physically and digitally.

Achieving greater brand reach digitally is a core work area which requires further expansion of the Issuer's businesses' digital ecosystem by developing extensive digital engagement capabilities and enhanced digital platforms.

The Issuer seeks opportunities to build new digital technology competencies and remain on par with current trends through innovation, internal development, outsourcing and other means.

The Issuer's Industrial and Safety business is also investing in a new enterprise resource planning system and digitisation activities which carries execution risk.

People risk factors applicable to all of the Issuer's businesses

Key Personnel Risk

The loss of key members of the Issuer's and its businesses' management teams or other key personnel could have a material adverse effect on growth and performance. Additionally, the inability to either identify critical people or roles, or develop effective succession plans could also have a material adverse effect on the ability of the Issuer to meet its strategic, operational and financial performance objectives.

Talent Attraction, Retention and Engagement Risk

The inability to attract and retain skilled management and staff, or to maintain staff engagement, could have a material adverse effect on growth and performance.

Conduct Risk

Non-compliance with the Issuer's values and expected behaviours, including breaches of the Issuer's Code of Conduct, unethical behaviours or poor judgement exercised by managers or employees may cause reputational damage to the Issuer's businesses and result in increased cost of doing business, loss of market trust and a downgrade within the investment community.

Labour Interruption Risk

Interruptions at the Issuer's workplaces arising from industrial disputes, work stoppages and accidents may result in production losses and delays. From time to time, the Issuer undertakes major employment enterprise agreement renegotiations in its businesses that may increase costs and, in some circumstances, may involve disputes and temporary interruptions to operations that may adversely affect the Issuer's financial performance. While the Issuer maintains a constructive relationship with its employees there can be no assurance that future disputes or other labour interruptions will not have a material adverse effect on the Issuer's operations, profits and financial position.

Operational risk factors applicable to all of the Issuer's businesses

Legal Proceedings Risk

From time to time the Issuer or its businesses are a party to litigation claims and legal proceedings including personal injury and other claims and proceedings arising in the ordinary course of their businesses.

Compliance Risk

The Issuer's businesses are subject to increasing government and regulatory scrutiny and may become subject to regulatory investigations or proceedings from time to time. Non-compliance with obligations may result in financial or other penalties being levied against the Issuer or its subsidiaries, a downgrading within the investment community or the loss of certain licences or other rights to carry on regulated activities.

Supply Chain Disruption Risk

Reliance on major suppliers, manufacturers and other service providers to provide materials and to produce products for the Issuer's businesses or to transport products to customers and the risk that the Issuer's businesses may not be able to obtain or deliver quality products on a timely basis or in sufficient quantities. Supply of products may be disrupted by many factors, including a failure to develop and maintain effective supplier relationships, pandemics, climate events or natural disasters, transport or shipping delay, unexpected system interruptions or labour disruptions. Disruptions could cause the Issuer significant time and expense in remediation of any deficiencies and could impact its reputation. These factors could also adversely affect the Issuer's financial condition and its ability to execute growth strategies for its current businesses.

Ethical Sourcing Risk

The Issuer is dependent on the supply of products via an extensive, diversified network of suppliers located in Australia and overseas. The Issuer relies on that network of suppliers to supply products of the requisite quality at the right price to meet the expectations of its customers. Suppliers to the Issuer may not provide materials or manufacture or source products in a way that is consistent with the Issuer's standards, including in relation to product authenticity and ethical and sustainable sourcing frameworks. A discovery of ethical concern in a supply chain, such as modern slavery or human rights abuses, may result in supply interruptions as the issue is remediated or a new supplier sought and may cause reputational impacts for the Issuer and its businesses.

Product Quality and Safety Risk

Risks which are inherent in the distribution and sale of products include, among others, consumer safety, product liability claims, recall management, breaches of consumer protection laws and the risk that products may become defective, faulty or contaminated by either unintended or malicious actions, such risks being particularly critical to ingestible and topical products.

People Safety Risk

Safety hazards are inherent in all of the Issuer's businesses. A failure to adequately protect team members, and prevent harm from occurring, could impact the Issuer's reputation and have regulatory and liability consequences.

Critical Information Technology Failure Risk

The Issuer's businesses have operations that are dependent on information technology and networks (such as inventory management systems, payment system networks and production systems), which in part is provided by outsourcing and strategic sourcing arrangements, information technology vendors and other partnerships. Unexpected interruptions to the supply of such information technology and networks or to the information technology and networks themselves, could reduce overall profitability of the affected business and may require the business to be shut down or to operate on a restricted basis.

Privacy and Data Ethics Risk

There is an increased focus on the way personal information is collected, stored and used. As part of the Issuer's retail operations it collects and retains personal information, including customer addresses, credit card numbers and purchase history. Personal information held by the Issuer or its businesses could be improperly accessed through hacking, ineffective internal controls, breaches of security systems or other means. Further, because customer data may also be collected, stored, or processed by third-party vendors, it is possible that these vendors could intentionally or negligently disclose data about the Issuer's customers. Such incidents could lead to additional security costs, negative publicity and damage to the Issuer's reputation and brands, as well as leading to fraudulent activity, claims for compensatory or other damages or regulatory penalties.

Cyber Security Risk

The Issuer is subject to risks related to the Issuer's technical infrastructure and use of technology. With increasing connectivity, reliance on technology and digital transformation, cyber security incidents have the potential to significantly impact business operations, supply chains and the ability to service the Issuer's customers. Cyber security incidents can result in reduced overall profitability and broad reputational impacts.

Physical Security Risk

Risks to people, plant and property resulting from unauthorised access, or prevention of access, to physical premises, or from physical threats such as natural disasters, crime and war or terrorism events may impact the Issuer's operations. Loss of major infrastructure could also impact the Issuer's operations, customers and staff and may result in serious financial impacts. Additionally, whilst the Issuer takes actions to manage the risk, its chemicals business operates production sites with ammonia/ammonium nitrate facilities which have the potential to cause extensive damage to neighbouring properties.

Business Continuity Management Risk

The Issuer is subject to a multitude of events that may disrupt its businesses' operations over the short or long term. Weaknesses in the Issuer's business continuity management practices may result in protracted operational interruptions, loss of revenue, reputation damage and lost opportunities impacting strategic growth initiatives.

Contract and Contractor Management Risk

The Issuer maintains an extensive network of suppliers and service providers across its businesses. The inability to efficiently manage or optimise its contract positions or manage its third party suppliers or service providers may result in over-reliance on a small number of suppliers, counterparties that don't meet supplier code of conduct expectations and outsourced operations that are not fully understood or controlled. Consequences include increased costs, supply interruptions, reputational damage and increased liability risk.

Environmental Risk

The Issuer is subject to extensive environmental obligations, including in relation to maintenance of certain emissions and effluent standards, management of dangerous and hazardous goods and site remediation. Any

non-compliance with such obligations may result in environmental damage and exposes the Issuer to the risk of liability and reputational damage. The Issuer may incur substantial costs, including increased overhead costs as a result of cost increases in energy, water usage and waste disposal, or experience operational interruptions in connection with these regulatory requirements or any changes to them.

Critical infrastructure and raw material supply

The Issuer's businesses are dependent upon the availability and affordability of critical infrastructure and raw material supply inputs. If there is a major incident affecting the availability or affordability of critical infrastructure and inputs, certain of the Issuer's operations may need to be shut down or operate on a restricted basis, or additional costs may be incurred in securing alternative processing or transport infrastructure or supply of raw materials, which may adversely affect the Issuer's productivity and profitability or the inability to maintain price leadership.

Additionally, the Issuer's chemicals business is dependent on adequate quantities of natural gas and its growth plans are dependent on continued growth in exports of commodities from Australia to its major trading partners, which may require significant national investment in infrastructure, particularly rail and port infrastructure.

Failure of internal control systems

The Issuer's businesses operate complex systems of internal control. Internal control systems may be subject to the risk of failure resulting from human error, fraud, inadequate control design or operational processes or inadequate assurance activity. Failures of internal control systems can result in financial loss and significant reputational damage.

Insurance cover or failure to insure

The Issuer's businesses maintain an extensive portfolio of properties and operating facilities. The Issuer holds insurance policies, with corresponding limits, that it considers prudent to protect the businesses from material damage and business interruption risks. Failure to procure such insurance policies, or to under or over insure, may result in financial loss and reputational damage.

Climate change risk factors applicable to all of the Issuer's businesses

Climate change exposes the Issuer's operations to various risks. Projected changes in sea level, storm surge intensity, temperature, precipitation, bushfires, frequent changes in extreme weather and other severe weather conditions may exacerbate existing physical risks across retail, industrial and other operations, such as energy infrastructure reliability, food safety, energy costs, store openings and infrastructure damage including damage to and destruction of property and equipment and suspension of operations.

Climate change also increases the Issuer's exposure to regulatory risk. The Issuer monitors its operations in an effort to meet applicable environmental standards, laws, regulations and policies. Moreover, the Issuer's businesses test resilience against a climate change regulatory risk scenario where the governments of the countries in which its businesses operate implement regulation to limit global warming. The Issuer anticipates that the governments of the countries in which its businesses operate could implement a number of environmental standards, laws, regulations and policies which could have a material adverse impact on the Issuer's businesses, financial condition and operations.

In the context of more frequent severe weather events and natural disasters, and shifting global attitudes, customers may have changing expectations of companies, including their operational efficiency, sustainability in production and sourcing practices, and environmental transparency in their supply chain and product range. The Issuer's inability to meet such expectations could have an adverse impact on financial performance, strategic growth and reputation.

Further, as the economies in which the Issuer operates transition to a low carbon economy as a result of climate change (and climate change related policies and regulations), there will be opportunities for the Issuer and its competitors generally. However, business models that take first-mover advantage of climate change opportunities or that are more resilient to climate change risks may become threats to the Issuer's businesses, which could have a material adverse impact on profitability, revenue and strategic growth.

Additional risk factors specifically applicable to the Issuer's retail businesses

Retail businesses comprise a significant portion of the Issuer's assets and earnings. Factors that may adversely affect the performance or growth of these retail businesses include:

Store Location & Lease Management

The inability to locate appropriate store sites for the retail businesses, maintain strong and beneficial relationships with landlords of leased space, improve existing stores or monitor and address underperforming stores.

Inventory Management

The inability to effectively manage or optimise inventory levels resulting in either too little or too much inventory on hand.

Customer Expectations

The inability to continually successfully evolve the Issuer's brands, products, customer experience and loyalty in line with social, environmental and demographic trends.

Shrinkage

The inability to effectively manage shrinkage across the Issuer's retail businesses.

Additional risk factors specifically applicable to the Issuer's Chemicals, Energy and Fertiliser operations

The Issuer's Chemicals, Energy & Fertilisers businesses manufacture, store and transport materials. An additional risk factor that may adversely affect the performance or growth of these businesses include:

Process Safety

Hazards associated with the Issuer's chemicals business and the related storage and transportation of raw materials, products and waste. In addition to those mentioned above, these hazards include: pipeline and storage tank leaks and ruptures, explosions and fires, mechanical failure, chemical spill and other discharges or releases of toxic or hazardous substances or gases.

These hazards may cause personal injury and loss of life, damage to property or contamination of the environment, which may result in the suspension of operations, reputational damage across the Issuer's businesses and the imposition of civil or criminal penalties, including fines, expenses for remediation and claims brought by government entities or third parties.

The chemicals business manufactures ammonium nitrate that is used to produce explosives and is subject to the risk of explosion.

Risk factors applicable to Lithium Hydroxide

The Issuer's chemicals business has recently acquired a 50 per cent. ownership interest in a lithium project to construct a mine, concentrator and refinery plant to produce lithium hydroxide. This project is subject to additional risks associated with the mining sector in Australia including:

- compliance with environmental, health and safety laws and regulations which could require material expenditures, changes in operations, or additional site remediation;
- the quality of its mineral reserve and resource estimates, which are estimates only, and the risk that minerals may be of lower quantity and/or quality than indicated by testing and drilling;
- changes in government royalty, tax and other regulations;
- decline in electric car manufacturing or changes in manufacturing technology for electric cars resulting in a decrease in demand for lithium hydroxide;

- climatic and other force majeure conditions including technical difficulties and failures, industrial accidents, unusual or unexpected geological formations or pressures, power interruption, critical equipment failure, flooding, fire, explosions or other accidents, acts of force majeure, land claims and compensation and other unforeseen contingencies;
- significant fluctuations in prices realised due to supply and demand factors; and
- risks associated with the operation of the plant once constructed and operational.

Risk Relating to Notes Generally

Structural subordination

Notes will be structurally subordinated to the existing and future claims of the creditors of the Issuer's subsidiaries that do not guarantee Notes (other than to the extent provided under the Deed of Cross Guarantee dated 27 June 2008 (the **Deed of Cross Guarantee**) described in note 25 to the Issuer's audited financial statements for the 2020 Fiscal Year or any replacement guarantee issued under the class order).

Impact of early redemption

Each series of Notes are, if so specified in the Pricing Supplement, redeemable at the Issuer's option. The Issuer may choose or be required to redeem a series of Notes at times when prevailing interest rates (and thus returns on a comparable investment) are lower than when you invested.

Australian insolvency regime

Like some jurisdictions, but unlike the U.S., in Australia some statutory claims by shareholders for breach of statutory requirements (like disclosure) can rank equally with other creditors. These and other claims in a liquidation would be covered by the Deed of Cross Guarantee.

Noteholders entitlement to a distribution in a liquidation subordinate to employee entitlements

In Australia, section 556 of the Corporations Act sets out the "payment waterfall" in relation to priority of payment of creditor debts and claims in a winding-up. In accordance with this section, a claim by the Noteholders is subordinate to, notably, the payment of all employee entitlements of the employees of the Issuer. Depending on the quantum of the employee entitlements, this has a corresponding impact upon the amount of any distributions received by Noteholders in a winding-up, or in a voluntary administration (where a Deed of Company Arrangement is entered into by all creditors (**DOCA**)). This is because the employee entitlements must first be paid out of any proceeds received by the insolvency practitioner in a winding-up or DOCA in priority to any distribution to the unsecured Noteholders in accordance with section 556 of the Corporations Act, which is also a requirement of any DOCA.

Ranking secured creditors receive any distribution in priority to unsecured Noteholders

As the status of the Notes is unsecured, any entitlement to a distribution by the Noteholders in a DOCA or winding-up is subordinate to any distribution received by the ranking secured creditor that has a "circulating security interest" over all or substantially all of the Issuer's property. Such "circulating security interests" are perfected by registration on the Personal Property Securities Register as enabled by the Personal Property Securities Act 2009 (Cth). In these circumstances, and subject first to the payment of the employee entitlements as set out in "*Noteholders entitlement to a distribution in a liquidation subordinate to employee entitlements*" above, the ranking secured creditor will receive payment in priority to the unsecured Noteholders. The entitlement to any distribution in a DOCA or winding-up is also then subordinate to the claims held by the remaining secured creditors of the Issuer, who are a separate creditor class.

Pari passu ranking where the same class of creditors

Where creditors are of the same class in a DOCA or winding up, their claims are paid out on a *pari passu* basis. As the Notes are unsecured, this means that in the circumstances of a DOCA or liquidation, the Noteholders claims as against the Issuer would rank alongside those claims by all other unsecured creditors of the Issuer. Noteholders would be entitled to payment of any distribution on equal footing to that class of unsecured creditors, subordinate to payment of, among others, the employee entitlements and claims of secured creditors.

Noteholders' ability to enforce certain rights in connection with the Notes may be limited or affected by reforms to Australian insolvency legislation relating to "ipso facto" rights

On 18 September 2017, the Treasury Laws Amendment (2017 Enterprise Incentives No. 2) Act 2017 (the **Treasury Act**) received Royal Assent and was enacted. The Treasury Act contains reforms to Australian insolvency laws. Under the Treasury Act, any right under a contract, agreement or arrangement (such as a right entitling a creditor to terminate a contract or to accelerate a payment under a contract) arising merely because a company, among other circumstances, is under administration, has appointed a managing controller or is the subject of an application under section 411 of the Corporations Act (i.e. "ipso facto rights"), will not be enforceable during a prescribed moratorium period.

The Treasury Act took effect on 1 July 2018 and applies to ipso facto rights arising under contracts, agreements or arrangements entered into at or after that date, subject to certain exclusions. On 21 June, the Australian Government introduced the Corporations Amendment (Stay on Enforcing Certain Rights) Regulations 2018 (the **Regulations**) which sets out the types of contracts that will be excluded from the operation of the stay on the enforcement of ipso facto rights.

The Regulations provide that a contract, agreement or arrangement that is, or governs securities, financial products, bonds or promissory notes will be exempt from the moratorium. Furthermore, a contract, agreement or arrangement under which a party is or may be liable to subscribe for, or to procure subscribers for, securities, financial products, bonds or promissory notes is also excluded from the stay. However, as the Act and the Regulations are new to the insolvency regime in Australia, they have not been the subject of judicial interpretation. If the Regulations are determined not to exclude the Notes or any other arrangements relating to the Programme from their operation under the exclusions mentioned above or any other exclusion under the Regulations, this may render unenforceable in Australia provisions of the Notes or the Programme conditioned solely on the occurrence of events giving rise to ipso facto rights.

The conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes, the Trust Deed or the Agency Agreement, (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such, or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 16.

Where the Issuer or any Guarantor encounters, or is likely to encounter, financial difficulties that are affecting, or will or may affect, its ability to carry on business as a going concern, it may propose a Restructuring Plan (a **Plan**) with its creditors under Part 26A of the Companies Act 2006 (introduced by the Corporate Insolvency and Governance Act 2020) to eliminate, reduce, prevent or mitigate the effect of any of those financial difficulties. Should this happen, creditors whose rights are affected are organised into creditor classes and can vote on any such Plan (subject to being excluded from the vote by the English courts for having no genuine economic interest in the Issuer or a Guarantor). Providing that one class of creditors (who would receive a payment, or have a genuine economic interest in the Issuer or a Guarantor) has approved the Plan, and in the view of the English courts any dissenting class(es) who did not approve the Plan are no worse off under the Plan than they would be in the event of the "relevant alternative" (such as, broadly, liquidation or administration), then the English court can sanction the Plan where it would be a proper exercise of its discretion. A sanctioned Plan is binding on all creditors and members, regardless of whether they approved it. Any such sanctioned Plan in relation to the Issuer or a Guarantor may, therefore, adversely affect the rights of Noteholders and the price or value of their investment in the Notes, as it may have the effect of modifying or disapplying certain terms of the Notes (by, for example, writing down the principal amount of the Notes, modifying the interest payable on the Notes, the maturity date or dates on which any payments are due or substituting the Issuer) or modifying or disapplying certain terms of the Guarantee or substituting a Guarantor.

The value of the Notes could be adversely affected by a change in English law or administrative practice

The conditions of the Notes are based on English law in effect as at the date of this Offering Circular. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Offering Circular and any such change could materially adversely impact the value of any Notes affected by it.

Investors who purchase Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Hiring Incentives to Restore Employment Act withholding may affect payments on certain index-linked Notes

The U.S. Hiring Incentives to Restore Employment Act imposes a 30 per cent. withholding tax on amounts attributable to U.S. source dividends that are paid or “deemed paid” under certain financial instruments if certain conditions are met (such instruments, **Specified Securities**). If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section “*Taxation — U.S. Hiring Incentives to Restore Employment Act and Section 871(m) of the U.S. Internal Revenue Code*”.

For purposes of withholding under the U.S. Foreign Account Tax Compliance Act, commonly known as FATCA, Specified Securities are subject to a different grandfathering rule than other Notes. Prospective investors should refer to the section “*Taxation — Foreign Account Tax Compliance Act*”.

Risks related to Notes which are linked to “benchmarks”

The London Interbank Offered Rate (**LIBOR**), the Euro Interbank Offered Rate (**EURIBOR**) and other interest rates or other types of rates and indices which are deemed to be “benchmarks” are the subject of ongoing national and international regulatory reform. Following the implementation of any such potential reforms, the manner of administration of benchmarks may change, with the result that they may perform differently than in the past, or benchmarks could be eliminated entirely, or there could be other consequences which cannot be predicted. For example, on 27 July 2017, the UK Financial Conduct Authority announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the **FCA Announcement**). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. Separately the euro risk-free rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system.

The Terms and Conditions of the Notes provide for certain fallback arrangements in the event that a Benchmark Event (as defined in the Terms and Conditions of the Notes) occurs, including: if the relevant Reference Rate (as specified in the relevant Pricing Supplement) ceases to be published for a period of at least five Business Days or ceases to exist; if the supervisor of the administrator of the relevant Reference Rate makes a public statement that, in the view of such supervisor, the relevant Reference Rate is no longer representative of an underlying market or that the methodology to calculate such Reference Rate has materially changed; or if any Paying Agent, Calculation Agent, the Issuer or other party responsible for calculating any payments due to be made to any Noteholder are no longer permitted (or will, by a specified date within the following six months, be no longer permitted) lawfully to make such calculations by reference to the relevant Reference Rate. Such fallback arrangements include the possibility that the Rate of Interest (as specified in the relevant Pricing

Supplement) could be set by reference to a Successor Rate or an Alternative Reference Rate (both as defined in the Terms and Conditions of the Notes), with or without the application of an adjustment spread and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser (as defined in the Terms and Conditions of the Notes) (acting in good faith and in a commercially reasonable manner) or the Issuer (acting in good faith and in a commercially reasonable manner). An adjustment spread, if applied, could be positive or negative and would be applied with a view to reducing or eliminating, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant Reference Rate. However, it may not be possible to determine or apply an adjustment spread and even if an adjustment is applied, such adjustment spread may not be effective to reduce or eliminate economic prejudice to investors. If no adjustment spread can be determined, a Successor Rate or Alternative Reference Rate may nonetheless be used to determine the Rate of Interest. The use of a Successor Rate or Alternative Reference Rate (including with the application of an adjustment spread) will still result in any Notes linked to or referencing the relevant Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the relevant Reference Rate were to continue to apply in its current form.

If, following the occurrence of a Benchmark Event, no Successor Rate or Alternative Reference Rate is determined, the ultimate fallback for the purposes of calculation of the Rate of Interest for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. Due to the uncertainty concerning the availability of Successor Rates and Alternative Reference Rates, the involvement of an Independent Adviser and the potential for further regulatory developments, there is a risk that the relevant fallback provisions may not operate as intended at the relevant time.

Risks related to the market generally

If an investor holds Notes which are not denominated in the investor's home currency, the investor will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the Issuer, each Guarantor or any Notes may not reflect all the risks associated with an investment in those Notes

One or more independent credit rating agencies may assign credit ratings to the Issuer, each Guarantor or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European (including the UK) regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) from using credit ratings for regulatory purposes, unless

such ratings are issued by a credit rating agency established in the EU or the UK and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU and non-UK credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered or UK-registered credit rating agency or the relevant non-EU or non-UK rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). If the status of the rating agency rating the Notes changes, European (including UK) regulated investors may no longer be able to use the rating for regulatory purposes and the Notes may have a different regulatory treatment. This may result in European (including UK) regulated investors selling the Notes which may impact the value of the Notes and any secondary market. The list of registered and certified rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Offering Circular.

No established trading market

Each series of Notes will be new securities for which there currently is no established trading market. There can be no assurance regarding the future development of a market for any Notes or the ability of holders of Notes to sell their Notes or the price at which such holders may be able to sell their Notes. If such a market were to develop, Notes could trade at prices that may be lower than the initial offering price. There can be no assurance as to the liquidity of any trading market for Notes or that an active market for Notes will develop.

The Issuer's continuing business interests can be divided into two broad groups:

Divisional Overview

The table below sets forth the revenue and segment result (total of A\$2,942 million reflecting EBIT after interest on lease liabilities and excluding Significant Items) of each of the Issuer's divisions for its continuing operations for the 2020 Fiscal Year.

Wesfarmers results for the 2020 Fiscal Year

	Segment Revenue		Segment Result	
	A\$ Millions	%	A\$ Millions	%
Bunnings	14,999	48.6	1,826	62.1
Kmart Group	9,217	29.9	410	13.9
Officeworks	2,787	9.0	197	6.7

	<u>30,846</u>	100.0	<u>2,942</u>	100.0

Items not included in the segment result (**Significant Items**) represented total losses of A\$435 million pre-tax. This total comprises of the A\$525 million pre-tax impairment in the Kmart Group, the A\$310 million pre-tax impairment in Industrial and Safety, the A\$110 million pre-tax restructuring costs and provision in the Kmart Group and is partially offset by the A\$290 million pre-tax gain on the sale of 10.1 per cent. interest in Coles Group Limited (**Coles**) and the A\$220 million pre-tax revaluation of the retained investment of 4.9 per cent. interest in Coles.

Each of the Issuer's divisions maintains operational independence with the Group's businesses governed by a divisional board, a managing director or chief executive officer and chief financial officer. The divisional boards include the Managing Director on the Issuer's board and other directors who are generally senior executives of the Group's businesses with relevant experience in the particular business area.

The divisional Managing Directors of Bunnings, Kmart Group, Officeworks and Chief Executive Officer of Chemicals, Energy and Fertiliser division report directly to the Managing Director of the Issuer. The Managing Director of the Industrial and Safety division reports to the Chief Financial Officer of the Issuer who, in turn, reports to the Managing Director of the Issuer. The Issuer's corporate office provides centralised support services to the divisions. Such services include treasury, corporate secretariat, business development, risk management, insurance, legal, human resources, tax, investor relations and group accounting and reporting functions.

The following chart outlines the current structure of the Issuer’s operational divisions and identifies the key brands of each business:

Group Structure

Competitive Strengths

The Issuer believes that it is well positioned to achieve its strategic objectives by building on its key strengths, which include:

A leading diversified Australian retailer with strong market positions and recognised brands. The Issuer’s retail businesses generated A\$27,003 million of revenue and A\$2,433 million of segment result in the 2020 Fiscal Year, and maintain strong market positions in Australia. These market-leading businesses include:

- Bunnings, a market leader in home improvement and outdoor living products, and a major supplier of building materials;
- Kmart Group, whose brands include Kmart and Target, two of the largest clothing and general merchandise retailers in Australia, and Catch Group, a leading online retailer; and
- Officeworks, Australia’s leading retailer and supplier of office products and solutions for micro, small-to-medium size businesses, students and households.

Additionally, the Issuer’s retail businesses operate under some of the most well-recognised brand names in Australia. The Bunnings, Kmart, Target, Catch and Officeworks brands are well-known across Australia.

Extensive and strategically-positioned retail store portfolio with long term lease arrangements. The Issuer has a network of 1,067 retail locations as at 30 June 2020 located throughout Australia and New Zealand. In addition, the Issuer’s expansive national retail footprint provides it with geographical diversity as its retail

divisions are well-represented throughout all states and territories in Australia. Consistent with accepted market practice in Australian retailing, the majority of the Issuer's retail locations are supported by long-term leases.

The Issuer's retail businesses operate in economically resilient categories, with its Bunnings business generating stable earnings. The Issuer's retail businesses generally have exposure to more resilient categories of the retail sector where profit margins have historically remained relatively steady through economic cycles, supporting a relatively stable and predictable earnings profile. This exposure to resilient retail businesses, combined with a strong competitive position in each of the Issuer's retail businesses, helps provide the Issuer with a historically stable earnings and cash flow profile.

¹ All figures presented are those reported in the stand alone consolidated financial statements of the Group for each financial year presented. Financial information for any financial year prior to the year in which an operation was first reported as a discontinued operation has not been restated for the results of that discontinued operation and therefore does not represent comparative information prepared in accordance with IFRS and GAAP. The Group adopted AASB 16 Leases ("AASB 16") from 1 July 2019 using the modified retrospective approach. Under this transition method, comparative information has not been restated. As such, the financial information for 2020 is stated after adopting AASB 16 from 1 July 2019 ("Post AASB 16"), whilst financial information for financial years prior to 1 July 2019 complies with the superseded Accounting Standard, being AASB 117 Leases ("Pre AASB 16").

² The 2020 fully-franked special dividend reflects the distribution of after-tax profits on the sale of the Group's 10.1 per cent interest in Coles.

³ The summarised income statement for 2020 includes significant items relating to the following pre-tax (post-tax) items: \$525 million (\$437 million) impairment of the Target brand name and other assets, \$110 million (\$83 million) restructuring costs and provisions in the Kmart Group and a \$310 million (\$298 million) impairment to WIS, offset by a gain of \$290 million (\$203 million) on the sale of 10.1 per cent of the interest in Coles, a gain of \$220 million (\$154 million) on the revaluation of the retained 4.9 per cent interest in Coles and a benefit of \$83 million from the finalisation of tax positions on prior year disposals.

⁴ The summarised income statement for 2019 includes significant items relating to the following pre-tax (post-tax) items: \$2,319 million (\$2,264 million) gain on demerger of Coles, the \$679 million (\$645 million) gain on disposal of Bengalla, the \$267 million (\$244 million) gain on disposal of KTAS, the \$138 million (\$120 million) gain on disposal of Quadrant Energy and \$146 million (\$102 million) provision for Coles supply chain automation.

⁵ The summarised income statement for 2018 includes significant items relating to the following pre-tax (post-tax) items: \$306 million (\$300 million) non-cash impairment of Target, BUKI's writedown and store closure provision of \$931 million (\$1,023 million), \$375 million (\$375 million) loss on disposal relating to BUKI, partially offset by \$120 million (\$123 million) gain of the Curragh Coal Mine.

⁶ The summarised income statement for 2016 includes significant items relating to the following pre-tax (post-tax) items: \$1,266 million (\$1,249 million) non-cash impairment of Target; \$850 million (\$595 million) non-cash impairment of Curragh Coal Mine; and \$145 million (\$102 million) of restructuring costs and provisions to reset Target.

Prudent capital management. The Issuer has undertaken a number of capital management initiatives to assist it in achieving its business goals while at the same time achieving balance sheet strength, financial flexibility and prudent financial ratios. Capital management initiatives undertaken by the Issuer since 1 January 2008 include a A\$2.6 billion equity raising (April 2008), a A\$4.6 billion equity raising (January 2009), a EU€650 million ten year debt issuance (August 2012), a EU€600 million seven year debt issuance (October

2014), and a A\$500 million five and a half year debt issuance (May 2015). In the 2020 Fiscal Year, the Issuer also took actions to maintain balance sheet flexibility in response to the high level of uncertainty associated with COVID-19, including the sale of a 10.1 per cent. interest in Coles in February 2020 and March 2020 for pre-tax proceeds of A\$2,109 million and the extension of committed bank debt facilities by A\$1.95 billion to A\$5.3 billion.

In addition, the Issuer's dividend policy enables it to pursue growth opportunities in each of its businesses. The Issuer's dividend policy takes into account not only profit generation but also current and projected post-capital expenditure cash flow requirements. On 15 November 2013, the Issuer undertook a capital return of 50 Australian cents per share, accompanied by a proportionate share consolidation at a rate of one for 0.9876. On 16 December 2014, the Issuer paid a distribution of 100 Australian cents per share, comprising both a capital return (75 Australian cents) and a fully-franked dividend component (25 Australian cents). The distribution was accompanied by a proportionate share consolidation relating to the capital component at a rate of one for 0.9827. On 10 April 2019, the Issuer paid a fully-franked special dividend of 100 Australian cents per share. On 1 October 2020, the Issuer paid a fully-franked special dividend of 18 cents per share, which distributed the after-tax profit from the sale of the Issuer's 10.1 per cent. interest in Coles during the 2020 Fiscal Year. The Issuer is committed to prudent capital management, as demonstrated by these initiatives, which have strengthened the Issuer's balance sheet via the significant reduction of its net debt to equity ratio from 47.3 per cent. as at 30 June 2008. This compares to a net financial cash position of A\$471 million as at 30 June 2020. The Issuer calculates its net debt to equity ratio as total indebtedness less cash at bank and on deposit divided by total equity, in each case as reported in its consolidated financial statements. The net financial cash is calculated as interest bearing liabilities less cash at bank and on deposit, net of cross-currency interest rate swap contracts and excludes lease liabilities. Its long-term credit ratings are A3 (stable outlook) by Moody's and A- (stable outlook) by Standard & Poor's.

Operational independence among businesses and an experienced management team with a proven track record. The Issuer has an experienced senior management team with in-depth knowledge of, and broad experience in, each of the industry sectors in which it operates. The diversified business model allows each of the Issuer's divisions to maintain operational independence with each business being run by its own management team. The Issuer believes that this approach allows it to promote a management system that creates strength and depth in its human resources within each business division permitting it to continue to deliver strong performance in the future.

Growth Strategies

The Issuer's primary objective, to provide a satisfactory return to shareholders, is driven by four overarching strategies:

The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg against presentation or surrender (as the case may be) of the Permanent Bearer Global Note without any requirement for certification.

The applicable Pricing Supplement will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 11 (Events of Default and Enforcement)) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any case, no successor or alternative clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 15 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent. No definitive Note delivered in exchange for a Permanent Bearer Global Note will be mailed or otherwise delivered to any location in the United States (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction) in connection with such exchange.

The following legend will appear on all Notes (other than Temporary Bearer Global Notes), receipts and interest coupons relating to such Notes where TEFRA D is specified in the applicable Pricing Supplement:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

The following applies to Notes specified in the applicable Pricing Supplement to be in registered form.

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a global note in registered form (a **Registered Global Note** and together with any Bearer Global Note, the **Global Notes**). Prior to expiry of the distribution compliance period (as defined in Regulation S), if any, applicable to each Tranche of Notes, beneficial interests in a Registered Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 (*Transfers of Registered Notes*) and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Registered Global Note will bear a legend regarding such restrictions on transfer.

Registered Global Notes will be deposited with a common depositary for, and registered in the name of a nominee of, Euroclear and Clearstream, Luxembourg, as specified in the applicable Pricing Supplement. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Registered Notes in definitive form.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 7.4 (*Payments in respect of Definitive Registered Notes and Registered Global Notes*)) as the registered holder of the Registered Global Notes. None of the Issuer, the Guarantors the Trustee, the Principal Paying Agent, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 7.4 (*Payments in respect of Definitive Registered Notes and Registered Global Notes*)) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any case, no successor or alternative clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Registered Notes in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 15 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Note) may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) of the definition of such, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

Transfer of Interests

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note. No beneficial owner

of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg, in each case, to the extent applicable.

General

Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Notes*”), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, Notes of such further Tranche shall be assigned a common code and ISIN, which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act), if any, applicable to Notes of such Tranche.

For so long as any Note is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear and/or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg, as the case may be, as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear and/or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Trustee and their respective agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal, interest and any other amount payable on such nominal amount of such Notes, for which purposes the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer, the Trustee and their respective agents as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note, and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Pricing Supplement or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Trustee.

No Noteholder, Receiptholder or Couponholder (as defined under “*Terms and Conditions of the Notes*”) shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, fails to do so within a reasonable period and the failure shall be continuing.

If the applicable Pricing Supplement specifies any modification to the Terms and Conditions of the Notes as described herein, it is envisaged that, to the extent that such modification relates only to Conditions 1 (*Form, Denomination and Title*), 5 (*Redenomination*), 6 (*Interest*), 7 (*Payments*), 8 (*Redemption and Purchase*) (except Condition 8.2 (*Redemption for tax reasons*)), 10 (*Prescription*), 11 (*Events of Default and Enforcement*), 14 (*Exchange of Talons*), 15 (*Notices*) (insofar as such Notes are not listed or admitted to trading on any stock exchange(s) and/or competent listing authorities) or 18 (*Further Issues*), they will not necessitate the preparation of a supplement to this Offering Circular. If the Terms and Conditions of the Notes of any Series are to be modified in any other respect, a supplement to this Offering Circular will be prepared, if appropriate.

For so long as any Notes are listed on the SGX-ST and the rules of the SGX-ST so require, the Issuer shall appoint and maintain a Paying Agent in Singapore (where such Notes may be presented or surrendered for payment or redemption) in the event that any of the Global Notes representing such Notes is exchanged for definitive Notes. In addition, in the event that any of the Global Notes is exchanged for definitive Notes, an announcement of such exchange will be made by or on behalf of the Issuer through the SGX-ST and such announcement will include all material information with respect to the delivery of the definitive Notes, including details of the Paying Agent in Singapore unless the Issuer obtains an exemption from the SGX-ST.

For the avoidance of doubt, the Trustee and Principal Paying Agent shall, at the direction and expense of the Issuer, effect such consequential amendments to the Trust Deed, the Agency Agreement and these Conditions as may be required in order to give effect to this Condition 4.2. Noteholder consent shall not be required in connection with effecting such amendments or any related changes, including for the execution of any documents or other steps by the Trustee or Principal Paying Agent (if required).

Notice) that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid obligations of the Issuer. Payments will be made in euro by credit or transfer to a euro denominated account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (f) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated:
 - (i) in the case of the Notes represented by a Global Note, by applying the Rate of Interest to the aggregate outstanding nominal amount of the Notes represented by such Global Note; and
 - (ii) in the case of definitive Notes, by applying the Rate of Interest to the Calculation Amount;and in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding;
- (g) if the Notes are Floating Rate Notes, the applicable Pricing Supplement will specify any relevant changes to the provisions relating to interest; and
- (h) such other changes shall be made to this Condition as the Issuer may decide, after consultation with the Principal Paying Agent and the Trustee, and as may be specified in the notice, to conform it to conventions then applicable to instruments denominated in euro.

6. INTEREST

6.1 *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

For so long as any of the Fixed Rate Notes are represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, interest will be calculated on the full nominal amount outstanding of the Fixed Rate Notes (or, if they are Partly Paid Notes, the full amount paid up) and will be paid to Euroclear and Clearstream, Luxembourg for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Fixed Rate Note, interest will be calculated on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up).

If the Notes are in definitive form, except as provided in the applicable Pricing Supplement, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Pricing Supplement, amount to the Broken Amount so specified.

As used in these Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Pricing Supplement, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (a) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 6.1:

- (a) if “Actual/Actual (ICMA)” is specified in the applicable Pricing Supplement:
 - (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Pricing Supplement) that would occur in one calendar year; or
 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (b) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y(2) - Y(1))] + [30 \times (M(2) - M(1))] + (D(2) - D(1))}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30.

6.2 Interest on Floating Rate Notes and Index Linked Interest Notes

(a) Interest Payment Dates

Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date and such interest will be payable in arrears on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Pricing Supplement; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Pricing Supplement, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Pricing Supplement after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in the Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

For so long as any of the Floating Rate Notes or Index Linked Interest Notes are represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, interest will be calculated on the full nominal amount outstanding of the relevant Notes (or, if they are Partly Paid Notes, the full amount paid up) and will be paid to Euroclear and Clearstream, Luxembourg for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Floating Rate Note or Index Linked Interest Note, interest will be calculated on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up).

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 6.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Index Linked Interest Notes will be determined in the manner specified in the applicable Pricing Supplement.

- (i) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any). For the purposes of this subparagraph (i), ISDA **Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the

International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Pricing Supplement;
- (B) the Designated Maturity is a period specified in the applicable Pricing Supplement; and
- (C) the relevant Reset Date is either (a) if the applicable Floating Rate Option is based on the London interbank offered rate (**LIBOR**) or on the Euro-zone interbank offered rate (**EURIBOR**), the first day of that Interest Period or (b) in any other case, as specified in the applicable Pricing Supplement.

For the purposes of this subparagraph (i), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Pricing Supplement the Minimum Rate of Interest shall be deemed to be zero.

(ii) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any), all as determined by the Principal Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Pricing Supplement as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Pricing Supplement.

(c) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Pricing Supplement specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Pricing Supplement specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) *Determination of Rate of Interest and calculation of Interest Amounts*

The Principal Paying Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes, the Calculation Agent will notify the Principal Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Principal Paying Agent or, as the case may be, the Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes or Index Linked Interest Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes or Index Linked Interest Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Floating Rate Notes or Index Linked Interest Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note or an Index Linked Interest Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 6.2:

- (i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “Actual/365 (Fixed)” is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/360” is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 360;
- (iv) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y(2) - Y(1))] + [30 \times (M(2) - M(1))] + (D(2) - D(1))}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (v) if “30E/360” or “Eurobond Basis” is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y(2) - Y(1))] + [30 \times (M(2) - M(1))] + (D(2) - D(1))}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vi) if “30E/360 (ISDA)” is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y(2) - Y(1))] + [30 \times (M(2) - M(1))] + (D(2) - D(1))}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(e) Notification of Rate of Interest and Interest Amounts

The Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Trustee and any stock exchange on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed and notice thereof to be published in accordance with Condition 15 as soon as possible after their determination but in no event later than the fourth Hong Kong Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed and to the Noteholders in accordance with Condition 15. For the purposes of this paragraph, the expression **Hong Kong Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Hong Kong.

(f) Determination or Calculation by Trustee

If for any reason at any relevant time the Principal Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Principal Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with subparagraph (b)(i) or subparagraph (b)(ii) above or as otherwise specified in the applicable Pricing Supplement, as the case may be, and in each case in accordance with paragraph (d) above, the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Pricing Supplement), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Principal Paying Agent or the Calculation Agent, as applicable.

(g) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6.2, whether by the Principal Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantors, the Trustee, the Principal Paying Agent, the Calculation Agent (if applicable), the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default, bad faith or manifest error) no liability to the Issuer, the Guarantors, the Noteholders, the Receiptholders or the Couponholders shall attach to the Principal Paying Agent or, if applicable, the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

6.3 *Interest on Dual Currency Interest Notes*

The rate or amount of interest payable in respect of Dual Currency Interest Notes shall be determined in the manner specified in the applicable Pricing Supplement.

6.4 *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Pricing Supplement.

6.5 *Benchmark discontinuation*

In addition, notwithstanding the provisions above in this Condition 6, if a Benchmark Event occurs in relation to a Reference Rate when any Rate of Interest (or the relevant component part thereof) for any Interest Period remains to be determined by such Reference Rate, then the following provisions shall apply:

- (a) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine (acting in good faith and in a commercially reasonable manner), no later than five Business Days prior to the relevant Interest Determination Date relating to the next succeeding Interest Period (the **IA Determination Cut-off Date**), a Successor Rate (as defined below) or, alternatively, if there is no Successor Rate, an Alternative Reference Rate (as defined below) for purposes of determining the Rate of Interest (or the relevant component part thereof) applicable to the Notes;
- (b) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Reference Rate prior to the IA Determination Cut-off Date, the Issuer (acting in good faith and in a commercially reasonable manner) may determine a Successor Rate or, if there is no Successor Rate, an Alternative Reference Rate;
- (c) if a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with the preceding provisions, such Successor Rate or, failing which, such Alternative Reference Rate (as applicable) shall be the Reference Rate for each of the future Interest Periods (subject to the subsequent operation of, and to adjustment as provided in, this Condition 6.5; provided, however, that if Condition 6.5(b) applies and the Issuer is unable to or does not determine a Successor Rate or an Alternative Reference Rate prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the preceding Interest Period (or alternatively, if there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest (if any)) (subject, where applicable, to substituting the Margin that applied to such preceding Interest Period for the Margin that is to be applied to the relevant Interest Period); for the avoidance of doubt, the proviso in this Condition 6.5(c) shall apply to the relevant Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 6.5;
- (d) if the Independent Adviser or the Issuer determines a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) in accordance with the above provisions, the Independent Adviser or the Issuer (as applicable), may also specify changes to these Conditions, including but not limited to the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Interest Determination Date and/or the definition of Reference Rate applicable to the Notes, and the method for

determining the fallback rate in relation to the Notes, in order to follow market practice in relation to the Successor Rate or the Alternative Reference Rate (as applicable) (the **Benchmark Amendments**). If the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Reference Rate (as applicable). If the Independent Adviser or the Issuer (as applicable) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread. For the avoidance of doubt, the Trustee and Principal Paying Agent shall, at the direction and expense of the Issuer, effect such consequential amendments to the Trust Deed, the Agency Agreement and these Conditions as may be required in order to give effect to this Condition 6.5. Noteholder consent shall not be required in connection with effecting the Successor Rate or Alternative Reference Rate (as applicable) or such other changes, including for the execution of any documents or other steps by the Trustee or Principal Paying Agent (if required);

- (e) the Issuer shall, promptly following the determination of any Successor Rate or Alternative Reference Rate (as applicable) and any related Adjustment Spread and in any case no later than the IA Determination Cut-off Date, deliver to the Trustee, Principal Paying Agent and the Noteholders a certificate signed by an authorised signatory of the Issuer, confirming;
 - (i) that a Benchmark Event has occurred;
 - (ii) the relevant Successor Rate, or, as the case may be, the relevant Alternative Reference Rate; and
 - (iii) where applicable, any relevant Adjustment Spread and/or the specific terms of any relevant Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 6.5; and
- (f) the Successor Rate or Alternative Reference Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of such Successor Rate or Alternative Reference Rate and such Adjustment Spread (if any) and such Benchmark Amendments (if any)) be binding on the Issuer, the Principal Paying Agent, the Trustee, the Paying Agents and the Noteholders.

Notwithstanding any other provision of this Condition 6.5,

- (I) the Principal Paying Agent is not obliged to concur with the Issuer or the Independent Adviser in respect of any changes or amendments as contemplated under this Condition 6.5 which, in the reasonable opinion of the Principal Paying Agent, would have the effect of (A) exposing the Principal Paying Agent to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (B) increasing the obligations or duties, or decreasing the rights or protections, of the Principal Paying Agent under the Agency Agreement and/or these Conditions;
- (II) if, in the Principal Paying Agent's reasonable opinion, there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 6.5, the Principal Paying Agent shall promptly notify the Issuer and, where applicable, the Independent Adviser thereof, and the Issuer, in consultation with the Independent Adviser, where applicable, shall direct the Principal Paying Agent in writing as to which alternative course of action to adopt. If the Principal Paying Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer and, where applicable, the Independent Adviser thereof and the Principal Paying Agent shall be under no obligation to make such calculation or determination, and shall not incur any liability for not doing so; and
- (III) in the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Principal Paying Agent, the Trustee, the Paying Agents or the Noteholders for any determination made by it pursuant to this Condition 6.5.

For the purposes of this Condition 6.5:

Adjustment Spread means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines is required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders, Receipholders and Couponholders as a result of the replacement of the

Reference Rate with the Successor Rate or the Alternative Reference Rate (as applicable) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate with the Successor Rate by any Relevant Nominating Body;
- (ii) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Reference Rate (as applicable);
- (iii) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Reference Rate (as the case may be); or
- (iv) if no such customary market usage or industry standard is recognised or acknowledged, the Independent Adviser (in consultation with the Issuer) or the Issuer in its discretion (as applicable), determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

Alternative Reference Rate means the rate that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of bonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Period, or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines in its discretion (acting in good faith and in a commercially reasonable manner) is most comparable to the relevant Reference Rate.

Benchmark Event means:

- (i) the relevant Reference Rate ceasing to be published for a period of at least five Business Days or ceasing to exist;
- (ii) public statement by the administrator of the relevant Reference Rate that it will, by a specified date within the following six months, cease publishing the relevant Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the relevant Reference Rate);
- (iii) a public statement by the supervisor of the administrator of the relevant Reference Rate, that the relevant Reference Rate has been or will, by a specified date within the following six months, be permanently or indefinitely discontinued;
- (iv) a public statement by the supervisor of the administrator of the relevant Reference Rate as a consequence of which the relevant Reference Rate will be prohibited from being used either generally, or in respect of the Notes, in each case within the following six months;
- (v) a public statement by the supervisor of the administrator of the relevant Reference Rate that, in the view of such supervisor, (x) such Reference Rate is no longer representative of an underlying market or (y) the methodology to calculate such Reference Rate has materially changed; or
- (vi) it has or will, by a specified date within the following six months, become unlawful for any Paying Agent, Calculation Agent, the Issuer or other party to calculate any payments due to be made to any Noteholder using the relevant Reference Rate including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, if applicable).

Independent Adviser means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case appointed by the Issuer at its own expense.

Relevant Nominating Body means, in respect of a Reference Rate:

- (i) the central bank for the currency to which the Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the Reference Rate; or
- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (A) the central bank for the currency to which the Reference Rate relates, (B) any central bank or other

supervisory authority which is responsible for supervising the administrator of the Reference Rate, (C) a group of the aforementioned central banks or other supervisory authorities, or (D) the Financial Stability Board or any part thereof.

Successor Rate means the rate that the Independent Adviser or the Issuer (as applicable) determines is a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body.

6.6 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Principal Paying Agent and notice to that effect has been given to the Noteholders as provided in the Trust Deed.

7. PAYMENTS

7.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively), provided however that no payment may be made by transfer of funds to an account maintained in the United States (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction) or by cheque mailed to an address in the United States (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction); and
- (b) payments in euro will be made by credit or transfer to a euro denominated account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque, provided however that no payment may be made by transfer of funds to an account maintained in the United States (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction) or by cheque mailed to an address in the United States (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction).

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9, (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Section 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto, and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code (**871(m) Withholding**).

Payments on the Notes that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70%. In such case, in calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer will be deemed to withhold, 30% of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

7.2 Presentation of Definitive Bearer Notes, Receipts and Coupons

Payments of principal in respect of Definitive Bearer Notes will (subject as provided below) be made in the manner provided in Condition 7.1 above against presentation and surrender (or, in the case of part payment of

any sum due, endorsement) of the relevant Definitive Bearer Notes, and payments of interest in respect of Definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of Definitive Bearer Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in Condition 7.1 above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in Condition 7.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Definitive Bearer Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Bearer Note to which it appertains. Receipts presented without the Definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any Definitive Bearer Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Definitive Bearer Notes which are Fixed Rate Notes (other than Dual Currency Notes, Index Linked Notes or Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 9) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 10) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any Definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Bearer Note.

7.3 Payments in respect of Bearer Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Bearer Global Note will (subject as provided below) be made in the manner specified above in relation to Definitive Bearer Notes and otherwise in the manner specified in the relevant Bearer Global Note against presentation or surrender, as the case may be, of such Bearer Global Note at the specified office of any Paying Agent outside the United States (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction). A record of each payment made against presentation or surrender of any Bearer Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Bearer Global Note by the Paying Agent to which it was presented and such record shall be *prima facie* evidence that the payment in question has been made.

7.4 Payments in respect of Definitive Registered Notes and Registered Global Notes

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Definitive Registered Note and each Registered Global Note will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Definitive Registered Note or Registered Global Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Note appearing in the register of holders of the Notes in registered form maintained by the Registrar (the **Register**) at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (a) a holder does not have a Designated Account or (b) the principal amount of the Notes held by a holder is less than US\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, **Designated Account** means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Definitive Registered Note and each Registered Global Note will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Note in registered form appearing in the Register (i) in the case of a Registered Global Note, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) in the case of a Definitive Registered Note, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**) at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest or an instalment of principal (other than the final instalment) in respect of a Note in registered form, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Notes in registered form which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Note in registered form on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Note.

Holders of Notes in registered form will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Note in registered form as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holder by the Registrar in respect of any payments of principal or interest in respect of Notes in registered form.

None of the Issuer, the Trustee or the Paying Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

7.5 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer or, as the case may be, the Guarantors will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantors to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantors, adverse tax consequences to the Issuer or any of the Guarantors.

7.6 Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 10) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (i) the relevant place of presentation; (ii) London, Hong Kong and Sydney;
 - (ii) any Additional Financial Centre specified in the applicable Pricing Supplement; and
- (b) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation and any Additional Financial Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (B) in relation to any sum payable in euro, a day on which the TARGET2 system is open.

7.7 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 9 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (b) the Final Redemption Amount of the Notes;
- (c) the Early Redemption Amount of the Notes;
- (d) the Optional Redemption Amount(s) (if any) of the Notes;
- (e) in relation to Notes redeemable in instalments, the Instalment Amounts;
- (f) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 8.5); and
- (g) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 9 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

8. REDEMPTION AND PURCHASE

8.1 *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note (including each Index Linked Redemption Note and Dual Currency Redemption Note) will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Pricing Supplement in the relevant Specified Currency on the Maturity Date.

8.2 *Redemption for tax reasons*

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is neither a Floating Rate Note, an Index Linked Interest Note nor a Dual Currency Interest Note) or on any Interest Payment Date (if this Note is either a Floating Rate Note, an Index Linked Interest Note or a Dual Currency Interest Note), on giving not less than 30 nor more than 60 days' notice to the Trustee, the Principal Paying Agent and, in the case of Registered Notes, the Registrar and, in accordance with Condition 15, the Noteholders (which notice shall be irrevocable), if the Issuer satisfies the Trustee immediately before the giving of such notice that:

- (a) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 9 or the Guarantors would be unable for reasons outside their control to procure payment by the Issuer and in making payment themselves pursuant to the Guarantee would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 9) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and
- (b) such obligation cannot be avoided by the Issuer or, as the case may be, the Guarantors taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantors would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Trustee a certificate signed by two Directors of the Issuer or, as the case may be, two Directors of the Guarantors stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer or, as the case may be, the Guarantors has or will become obliged to pay such additional amounts as a result of such change or amendment and the Trustee shall be entitled to accept such certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders, the Receiptholders and the Couponholders.

Notes redeemed pursuant to this Condition 8.2 will be redeemed at their Early Redemption Amount referred to in Condition 8.5 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

8.3 *Redemption at the option of the Issuer (Issuer Call)*

If Issuer Call is specified in the applicable Pricing Supplement, the Issuer may, having given:

- (a) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 15; and
- (b) not less than 15 days before the giving of the notice referred to in (a) above, notice to the Trustee and to the Principal Paying Agent;

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Pricing Supplement together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Pricing Supplement. In the case of a partial redemption of Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot, in the

case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 15 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a Global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 8.3 and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 15 at least five days prior to the Selection Date.

8.4 Redemption at the option of the Noteholders (Investor Put)

If Investor Put is specified in the applicable Pricing Supplement, upon the holder of any Note giving to the expiry of such notice, redeem, subject to, and in accordance with, the terms specified herein and in the applicable Pricing Supplement, such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

If this Note is in definitive form, to exercise the right to require redemption of this Note, the holder of this Note must deliver such Note on any Business Day (as defined in Condition 6) falling within the notice period at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), at any time during the normal business hours of such Paying Agent or, as the case may be, the Registrar, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a Put Notice) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2.2. If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note, the holder of this Note must, within the notice period, give notice to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary, as the case may be, for them to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, at the same time present or procure the presentation of the relevant Global Note or definitive Note, as the case may be, to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) for notation accordingly.

8.5 Early Redemption Amounts

For the purpose of Condition 8.2 above and Condition 11, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (a) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (b) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note and a Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, at the amount specified in, or determined in the manner specified in, the applicable Pricing Supplement or, if no such amount or manner is so specified in the applicable Pricing Supplement, at its nominal amount; or

- (c) in the case of a Zero Coupon Note, at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360,

or on such other calculation basis as may be specified in the applicable Pricing Supplement.

8.6 Instalments

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 8.5.

8.7 Partly Paid Notes

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Pricing Supplement.

8.8 Purchases

The Issuer, any Guarantor or any affiliate of the Issuer or any Guarantor may at any time purchase Notes (provided that, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer or the relevant Guarantor, surrendered to any Paying Agent and/or the Registrar for cancellation.

8.9 Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to Condition 8.8 above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

8.10 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 8.1, 8.2, 8.3 or 8.4 above or upon its becoming due and repayable as provided in Condition 11 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 8.5(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Principal Paying Agent, the Registrar or the Trustee and notice to that effect has been given to the Noteholders in accordance with Condition 15.

9. TAXATION

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer or the Guarantors will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or

deduction is required by law. In such event, the Issuer or, as the case may be, the Guarantors will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal or interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) presented for payment in Australia; or
- (b) presented for payment by or on behalf of a holder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such Note, Receipt or Coupon; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 7.6); or
- (d) in respect of any estate, inheritance, gift, sale, transfer, excise, personal property or similar tax, duty, assessment or other governmental charge; or
- (e) in respect of any tax, duty, assessment or other governmental charge that is imposed or withheld by reason of the holder or the beneficial owner of a Note being an “associate” of the Issuer for the purposes of Section 128F(6) of the Income Tax Assessment Act 1936 of Australia; or
- (f) in respect of any tax, duty, assessment, withholding or other governmental charge that is imposed, deducted or withheld by reason of a failure of a holder or beneficial owner of a Note, Receipt or Coupon (i) to provide certification, information, or documentation concerning the nationality, residence, identity or connection with the relevant Tax Jurisdiction of the holder or beneficial owner (including, without limitation, the supplying of an Australian Business Number (if relevant), any appropriate tax file number or other appropriate exemption details), if and to the extent that furnishing such information would have reduced or eliminated any taxes, duties, assessments, withholdings or other governmental charges as to which additional amounts would have otherwise been payable to such holder or beneficial owner, or (ii) to make any certification, declaration or other similar claim or satisfy any information, documentation, statement or reporting requirement, which, in the case of (i) or (ii), is required or imposed by a statute, treaty, rule, regulation or administrative practice of any Tax Jurisdiction (or any territories or political subdivisions or any taxing authority thereof or therein) as a condition or precondition to relief or exemption from all or part of such tax, duty, assessment, withholding or other governmental charge; or
- (g) any combination of items (a) to (f) inclusive,

nor shall additional amounts be paid with respect to any payment in respect of a Note, Receipt or Coupon to any holder who is a fiduciary, partnership, limited liability company, fiscally transparent entity or other similar entity or a holder other than the sole beneficial owner of the Note, Receipt or Coupon to the extent that a beneficiary or settlor with respect to such fiduciary or a beneficial owner or a member of such partnership, limited liability company, fiscally transparent entity or other similar entity or a beneficial owner would not have been entitled to such additional amounts had it been the holder or beneficial owner or sole beneficial owner of the Note, Receipt or Coupon.

Notwithstanding any other provision of these Conditions, in no event will the Issuer or the Guarantors be required to pay any additional amounts in respect of the Notes, Receipts or Coupons for, or on account of, any withholding or deduction required pursuant to (i) an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, or any official interpretations thereof or any law implementing an intergovernmental approach thereto, or (ii) Section 871(m) of the Code.

As used herein:

- (i) **Tax Jurisdiction** means (A) with respect to payments made by the Issuer, Australia or any political subdivision or any authority thereof or therein having power to tax, or (B) with respect to payments made by a particular Guarantor, its place of incorporation or any political subdivision or any authority thereof or therein having power to tax; and
- (ii) the **Relevant Date** means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Trustee, the Principal Paying Agent

or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 15.

10. PRESCRIPTION

The Notes, Receipts and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 9) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 7.2 or any Talon which would be void pursuant to Condition 7.2.

11. EVENTS OF DEFAULT AND ENFORCEMENT

11.1 *Events of Default*

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction), give notice in writing to the Issuer that each Note is, and each Note shall thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Trust Deed, if any of the following events (each an **Event of Default**) shall occur:

- (a) default is made in the payment of any principal on any Notes when due, whether at maturity, upon redemption or otherwise, unless:
 - (i) such non-payment is due to a substantiated technical or administrative error; or
 - (ii) payment is made within 5 Business Days of its due date; or
- (b) default is made in the payment of any interest due and payable on any Notes when it becomes due and payable, unless:
 - (i) such non-payment is due to a substantiated technical or administrative error; or
 - (ii) payment is made within 30 Business Days of its due date; or
- (c) default is made in the performance, or observance, of any material term, covenant or obligation of the Issuer or a Guarantor in the Trust Deed (other than a default which results in an Event of Default under Conditions 11.1(a) or 11.1(b)) and continuance of such default for more than 30 Business Days after written notice of such default has been given by the Trustee requiring the same to be remedied; or
- (d)
 - (i) a default (as principal or as guarantor) is made in the payment of any principal, interest, premium or make-whole amount of any Indebtedness of the Issuer or any Guarantor having an aggregate principal amount exceeding A\$75,000,000 (or the equivalent thereof in any other currency or currency unit) which is not paid thereunder within any applicable grace period relating thereto; or
 - (ii) a default (other than as set forth in (i) above) under any Indebtedness of the Issuer or any Guarantor having an aggregate principal amount exceeding A\$75,000,000 (or the equivalent thereof in any other currency or currency unit), which default shall have resulted in such Indebtedness becoming or being validly declared due and payable prior to the date on which it would otherwise have become due and payable,

and which is not then paid within 10 Business Days of such due date or demand, in each case, except where:

- (A) the default set forth in (i) or (ii) is in relation to Indebtedness relating to a Project Finance Subsidiary; or
- (B) the acceleration, default or Indebtedness is being contested in good faith, and through appropriate legal proceedings; or
- (e) an Insolvency Event occurs in respect of an Issuer or Guarantor; or
- (f) any Authorisation of a Governmental Agency which is essential to the performance by the Issuer of its obligations in respect of the Notes, Receipts or Coupons or a Guarantor in respect of its obligations

under the Trust Deed or for the validity and enforceability of the Notes, Receipts, Coupons or the Guarantee is repealed, revoked, terminated or expires, which is not replaced by another sufficient authorisation, or such Guarantor is not released in accordance with Condition 3.3 and the provisions of the Trust Deed, in each case, within 30 Business Days.

11.2 Enforcement

The Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer and/or the Guarantors as it may think fit to enforce the provisions of the Trust Deed, the Notes, the Receipts and the Coupons, but it shall not be bound to take any such proceedings or any other action in relation to the Trust Deed, the Notes, the Receipts or the Coupons unless (i) it shall have been so directed by an Extraordinary Resolution or so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding and (ii) it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

No Noteholder, Receiptholder or Couponholder shall be entitled to proceed directly against the Issuer or any Guarantor unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

12. REPLACEMENT OF NOTES, RECEIPTS, COUPONS AND TALONS

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office outside the United States (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction) of the Principal Paying Agent or any other Paying Agent (in the case of Bearer Notes, Receipts or Coupons) or the Registrar or any Transfer Agent (in the case of Registered Notes) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13. PRINCIPAL PAYING AGENT, REGISTRAR, PAYING AND TRANSFER AGENTS

The names of the initial Principal Paying Agent, the other initial Paying Agents, the initial Registrar and the other initial Transfer Agents and their initial specified offices are set out below.

The Issuer is entitled, with the prior written approval of the Trustee (such approval not to be unreasonably withheld or delayed), to vary or terminate the appointment of any Paying Agent, Registrar or Transfer Agent and/or appoint additional or other Paying Agents, Registrars or Transfer Agents and/or approve any change in the specified office through which any of the same acts, provided that:

- (a) there will at all times be a Principal Paying Agent and a Registrar; and
- (b) so long as the Notes are listed or admitted to trading on or by any stock exchange(s) or other competent authority, there will at all times be a Paying Agent (in the case of Bearer Notes and for so long as the Notes are listed on the SGX-ST, if the Notes are issued in definitive form, there will be at all times a Paying Agent in Singapore unless the Issuer obtains an exemption from the SGX-ST) and a Registrar and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange(s) or other relevant authority or entity.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 7.5. Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 15 nor more than 30 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 15.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and the Guarantors and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholders, Receiptholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

14. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office outside the

United States (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction) of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 10.

15. NOTICES

All notices regarding the Bearer Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that such publication will be made in the *Financial Times* in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange(s) or other competent listing authority on or by which the Bearer Notes are for the time being listed or admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

All notices regarding Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition for so long as any Registered Notes are listed and/or admitted to trading on or by any stock exchange or other competent listing authority and the rules of that stock exchange (or other competent listing authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) and/or such posting the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed and/or admitted to trading on or by any stock exchange or other competent listing authority and the rules of that stock exchange or competent listing authority so require, such notice will be published as required by those rules. Any such notice shall be deemed to have been given to the holders of the Notes on the seventh day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

16. MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or any of the provisions of the Trust Deed. Such a meeting may be convened by the Issuer, any of the Guarantors or the Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than ten per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, the Receipts or the Coupons or the Trust Deed (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, the Receipts or the Coupons, as more particularly detailed in the Trust Deed), the quorum shall be one or more persons present and holding or representing in the aggregate not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any such adjourned meeting one or more persons holding or representing not less than one-third in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders. In addition, a

resolution in writing signed by or on behalf of the Noteholders of not less than three-fourths in nominal amount of the Notes who for the time being are entitled to receive notice of a meeting of Noteholders under the Trust Deed will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

Pursuant to the Trust Deed, the Trustee may convene a single meeting of the holders of Notes of more than one Series if in the opinion of the Trustee there is no conflict between the holders of such Notes, in which event the provisions of the preceding paragraph shall apply thereto *mutatis mutandis*.

The Trustee may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes the Trust Deed or the Agency Agreement, or determine, without any such consent as aforesaid, that any Event of Default or potential Event of Default shall not be treated as such, where, in any such case, it is not, in the reasonable opinion of the Trustee, materially prejudicial to the interests of the Noteholders so to do or may agree, without any such consent as aforesaid, to any modification which is of a formal, minor or technical nature or to correct a manifest error or an error which is, in the reasonable opinion of the Trustee, proven. Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification, waiver, authorisation or determination shall, unless the Trustee otherwise agrees be notified to the Noteholders in accordance with Condition 15 as soon as practicable thereafter.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders, Receiptholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders, Receiptholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder, Receiptholder or Couponholder be entitled to claim, from the Issuer, the Guarantors, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders, Receiptholders or Couponholders except to the extent already provided for in Condition 9 and/or any undertaking or covenant given in addition to, or in substitution for, Condition 9 pursuant to the Trust Deed.

The Trustee may, without the consent of the Noteholders, agree with the Issuer, to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, Receipts, Coupons and the Trust Deed of another company, being a Subsidiary of the Issuer, subject to (a) the Notes being unconditionally and irrevocably guaranteed by the Guarantors, (b) the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution and (c) certain other conditions set out in the Trust Deed being complied with.

17. INDEMNIFICATION OF THE TRUSTEE AND TRUSTEE CONTRACTING WITH THE ISSUER AND/OR THE GUARANTOR

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured and/or prefunded to its satisfaction.

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer, any of the Guarantors and/or any of their respective Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer, any of the Guarantors and/or any of their respective Subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders, Receiptholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

18. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

19. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

20. GOVERNING LAW AND SUBMISSION TO JURISDICTION

20.1 Governing law

The Trust Deed, the Agency Agreement, the Notes, the Receipts and the Coupons and any non-contractual obligations arising out of or in connection with the Trust Deed, the Agency Agreement, the Notes, the Receipts and the Coupons are governed by, and shall be construed in accordance with, English law.

20.2 Submission to jurisdiction

The Issuer irrevocably agrees, for the benefit of the Trustee, the Noteholders, the Receiptholders and the Couponholders, that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Trust Deed, the Agency Agreement, the Notes, the Receipts and/or the Coupons (including a dispute relating to any non-contractual obligations arising out of or in connection with the Trust Deed, the Agency Agreement, the Notes, the Receipts and/or the Coupons) and accordingly submits to the exclusive jurisdiction of the English courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Trustee, the Noteholders, the Receiptholders and the Couponholders, may take any suit, action or proceedings (together referred to as **Proceedings**) arising out of or in connection with the Trust Deed, the Agency Agreement, the Notes, the Receipts and the Coupons (including any Proceedings relating to any non-contractual obligations arising out of or in connection with the Trust Deed, the Agency Agreement, the Notes, the Receipts and the Coupons) against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

20.3 Appointment of Process Agent

The Issuer appoints Incorporatewear Limited at its registered office at Edison Road, Hams Hall Distribution Park, Coleshill, West Midlands, B46 1DA for the attention of the Chief Financial Officer as its agent for service of process in England, and undertakes that, in the event of Incorporatewear Limited ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

20.4 Other documents and the Guarantors

The Issuer and the Guarantors have in the Trust Deed, and the Issuer has in the Agency Agreement submitted to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the Issuer in or towards the repayment of portions of its existing debt and for general corporate purposes. If, in respect of any particular issuance of Notes, there is a particular identified use of proceeds, this will be stated in the applicable Pricing Supplement.

TAXATION

Australian Taxation

*The following is a summary of the taxation treatment under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together, the **Australian Tax Act**), at the date of this Offering Circular, of payments of interest (as defined in the Australian Tax Act) on the Notes and certain other matters. It is not exhaustive and, in particular, does not deal with the position of certain classes of Noteholders (including, dealers in securities, custodians or other third parties who hold the Notes on behalf of any absolute beneficial Noteholders). Nor does it deal with the Australian tax treatment of any Index Linked Notes or Dual Currency Notes; should the Issuer issue Notes of such kind, the Australian tax treatment of those Notes will be addressed in the applicable Pricing Supplement.*

It should be noted that revenue authorities may take a different view and that there is a risk that the operation of the tax laws can be altered by a change in law, interpretation or application, potentially in a manner that may apply retrospectively to a transaction. The following is general guide and should be treated with appropriate caution. Prospective Noteholders should consult their professional advisers on the tax implications of an investment in the Notes for their particular circumstances.

Interest withholding tax

In the absence of an exemption, Australian interest withholding tax at 10 per cent. is imposed under Division 11A of Part III of the Australian Tax Act (**IWT**) in respect of any interest (defined in section 128A(1AB) of the Australian Tax Act to include amounts in the nature of, or in substitution for, interest and certain other amounts) paid in respect of the Notes to non-residents of Australia who do not hold the Notes in carrying on business through a permanent establishment in Australia, or residents of Australia who hold the Notes in carrying on business through a permanent establishment outside Australia.

An exemption from IWT is available in respect of the Notes under section 128F of the Australian Tax Act if the following conditions are met:

- the Issuer continues to be a resident of Australia when it issues the Notes and when interest (as defined in section 128A(1AB) of the Australian Tax Act) is paid;
- the Notes are issued in a manner which satisfies the public offer test. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that the Issuer is offering the Notes for issue. In summary, the five methods are, broadly:
 - (A) offers to 10 or more unrelated financiers or securities dealers;
 - (B) offers to 100 or more investors;
 - (C) offers of listed Notes;
 - (D) offers via publicly available information sources; and
 - (E) offers to a dealer, manager or underwriter who offers to sell those Notes within 30 days by one of the preceding methods.

The issue of any of the Notes (whether in global form or otherwise) and the offering of interests in any of the Notes by one of these methods should satisfy the public offer test;

- the Issuer does not know, or have reasonable grounds to suspect, at the time of issue, that the Notes or interests in the Notes were being, or would later be, acquired, directly or indirectly, by an “associate” of the Issuer, except as permitted by section 128F(5) of the Australian Tax Act; and
- at the time of the payment of interest, the Issuer does not know, or have reasonable grounds to suspect, that the payee is an “associate” of the Issuer, except as permitted by section 128F(6) of the Australian Tax Act.

Associates

An “associate” of the Issuer for the purposes of section 128F of the Australian Tax Act includes (i) a person or entity which holds more than 50 per cent. of the voting shares of, or otherwise controls or exercises sufficient influence over, the Issuer, (ii) an entity in which more than 50 per cent. of the voting shares are held by, or which is otherwise controlled or sufficiently influenced by, the Issuer, (iii) a trustee of a trust where the Issuer is capable of benefiting (whether directly or indirectly) under that trust, and (iv) a person or entity who is an “associate” of another person or company which is an “associate” of the Issuer under any of the foregoing.

However, for the purposes of sections 128F(5) and (6) of the Australian Tax Act (see the third and fourth bullet points above), “associates” does not include:

- onshore associates (*i.e.*, Australian resident associates who do not hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia and non-resident associates who hold the Notes in the course of carrying on business at or through a permanent establishment in Australia); or
- offshore associates (*i.e.*, Australian resident associates who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia and non-resident associates who do not hold the Notes in the course of carrying on business through a permanent establishment in Australia) who are acting in the capacity of:
 - (A) in the case of section 128F(5), a dealer, manager or underwriter in relation to the placement of the Notes, a clearing house, custodian, funds manager or “responsible entity” of a “registered scheme” (with terms in inverted commas having the meaning given to them in the *Corporations Act 2001* (Cth)); or
 - (B) in the case of section 128F(6), a clearing house, paying agent, custodian, funds manager or “responsible entity” of a “registered scheme” (with terms in inverted commas having the meaning given to them in the *Corporations Act 2001* (Cth)).

Compliance with section 128F of the Australian Tax Act

The Issuer intends to issue the Notes, and the Dealers in connection with the primary distribution of the Notes are required pursuant to an agreement with the Issuer to deal with the Notes, in a manner that satisfies the requirements of the exemption from Australian IWT outlined above. Persons who are offshore associates should not acquire any Notes or any interest in Notes, other than as permitted by section 128F(5) above.

Other tax matters

Under Australian laws as presently in effect:

- *income tax — offshore Noteholders* — assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, payments of principal and interest (as defined in section 128A(1AB) of the Australian Tax Act) or payments by a Guarantor to a Noteholder who is a non-resident of Australia and who, during the taxable year, does not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia, will not be subject to Australian income taxes; and
- *gains on disposal of Notes — offshore Noteholders* — a Noteholder, who is a non-resident of Australia and who has never held the Notes in the course of carrying on business at or through a permanent establishment in Australia, will not be subject to Australian income tax on gains realised on sale or redemption of the Notes, provided such gains do not have an Australian source. A gain arising on the sale of the Notes by a non-Australian resident holder to another non-Australian resident where Notes are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia would not be regarded as having an Australian source; and
- *deemed interest* — there are specific rules that can apply to treat a portion of the purchase price of Notes as interest for withholding tax purposes when certain Notes originally issued at a discount or with a maturity premium or which do not pay interest at least annually are sold to an Australian resident (who does not acquire them in the course of carrying on business at or through a permanent establishment outside Australia) or a non-resident who acquires them in the course of carrying on business at or through permanent establishment in Australia. These rules do not apply in circumstances where the deemed interest would have been exempt under section 128F of the Australian Tax Act if the Notes had been held to maturity by a non-resident; and
- *death duties* — no Notes will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death; and
- *stamp duty and other taxes* — no ad valorem stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Notes; and
- *other withholding taxes on payments in respect of Notes* — section 12-140 of Schedule 1 to the Taxation Administration Act 1953 of Australia (the **Taxation Administration Act**) imposes a type of withholding

tax at the rate of (currently) 47 per cent. on the payment of interest on certain registered securities unless the relevant payee has quoted an Australian tax file number (**TFN**), (in certain circumstances) an Australian Business Number (**ABN**) or proof of some other exemption from quoting such numbers (as appropriate). Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, then the requirements of section 12-140 do not apply to payments to a holder of a Note who is not a resident of Australia and not holding those Notes in the course of carrying on business at or through a permanent establishment in Australia. Payments to other classes of holders of Notes may be subject to a withholding where the holder does not quote a TFN, ABN or provide proof of an appropriate exemption (as appropriate); and

- *supply withholding tax* — payments in respect of the Notes can be made free and clear of the “supply withholding tax” imposed under section 12-190 of Schedule 1 to the Taxation Administration Act; and
- *goods and services tax (GST)* — neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of the Notes will comprise either an input taxed financial supply or (in the case of an offshore subscriber) a GST-free supply. Furthermore, neither the payment of principal or interest by the Issuer, nor the disposal of Notes, would give rise to any GST liability in Australia; and
- *debt/equity rules* — Division 974 of the Australian Tax Act contains tests for characterising debt (for all entities) and equity (for companies) for Australian tax purposes, including for the purposes of dividend withholding tax and IWT. The Issuer intends to issue Notes which are to be characterised as “debt interests” for the purposes of the tests contained in Division 974 and the returns paid on the Notes are to be “interest” for the purpose of section 128F of the Australian Tax Act. Accordingly, Division 974 is unlikely to affect the Australian tax treatment of Noteholders; and
- *additional withholdings from certain payments to non-residents* — Section 12-315 of Schedule 1 to the Taxation Administration Act gives the Governor-General power to make regulations requiring withholding from certain payments to non-residents. However, section 12-315 expressly provides that the regulations will not apply to interest and other payments which are already subject to the current interest withholding tax rules or specifically exempt from those rules. Further, regulations may only be made if the responsible minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents. The regulations promulgated prior to the date of this Offering Circular are not relevant to any payments in respect of the Notes. Any further regulations should also not apply to repayments of principal under the Notes, as in the absence of any issue discount, such amounts will generally not be reasonably related to assessable income. The possible application of any future regulations to the proceeds of any sale of the Notes will need to be monitored; and
- *garnishee directions* — the Australian Commissioner of Taxation may give a direction under section 255 of the Australian Tax Act or section 260-5 of Schedule 1 to the Taxation Administration Act or any similar provision requiring the Issuer to deduct from any payment to any other party (including any Noteholder) any amount in respect of tax payable by that other party; and
- *taxation of foreign exchange gains and losses* — Divisions 230, 775 and 960 of the Australian Tax Act contain rules to deal with the taxation consequences of foreign currency exchange transactions. The rules are complex and may apply to any Noteholders who are Australian residents or non-residents that hold the Notes in the course of carrying on business through a permanent establishment in Australia. Any such Noteholders should consult their professional advisors for advice as to how to tax account for any foreign exchange gains or losses arising from their holding of the Notes; and
- *taxation of financial arrangements* — Division 230 of the Australian Tax Act contains tax-timing rules for certain taxpayers to bring to account gains and losses from “financial arrangements”. The rules do not apply to certain taxpayers or in respect of certain short term “financial arrangements”. They should not, for example, generally apply to Noteholders which are individuals and certain other entities (eg certain superannuation entities and managed investment schemes) which do not meet various turnover or asset thresholds, unless they make an election that the rules apply to their “financial arrangements”. Potential Noteholders should seek their own tax advice regarding their own personal circumstances as to whether such an election should be made. The rules in Division 230 do not alter the rules relating to the imposition of IWT. In particular, the rules do not override the IWT exemption available under section 128F of the Australian Tax Act.

Payments under the Guarantee

The Australian Taxation Office has expressed a view that payments by a guarantor in respect of a debt instrument may be exempt from Australian IWT under section 128F of the Tax Act if those payments would have been exempt had they been made by the issuer of the debt instrument. The basis for this view is that the amounts paid by the guarantor are said to be “in the nature of interest” and therefore interest for the purposes of the Tax Act. The opposing view is that the payments that may be required to be made by the Guarantors are not “in the nature of interest” and therefore would not be subject to Australian IWT in any event. If Australian withholding tax is payable in respect of payments of interest made by the Guarantors to non-resident holders, the Guarantors must pay additional amounts in accordance with the procedure set out below.

Interest on bearer securities

Pursuant to section 126 of the Tax Act, payments of interest in respect of Notes may be subject to Australian tax at a current rate of 45 per cent.) if the Notes are in bearer form and the Issuer does not provide the names and addresses of the holders of the Notes to the Commissioner of Taxation. No such tax is required if the Notes are held by non-resident holders where the exemption provided by section 128F of the Tax Act is available or if Australian IWT is payable. However, section 126 of the Tax Act will apply to resident holders of Notes in bearer form, or non-residents who hold the Notes in carrying on business through a permanent establishment in Australia. The Issuer intends to treat operators of clearing systems as the holders of the Notes for these purposes.

Payment of additional amounts

If an amount of Australian withholding tax is required to be deducted or withheld by the Issuer (or a Guarantor) from payments of interest in relation to the Notes, then the Issuer or Guarantor (as the case may be) must, subject to certain exceptions set out in Condition 9 (*Taxation*) of the Notes, pay an additional amount that would result in the holders of the Notes receiving an amount equal to that which they would have received had no such deduction or withholding been made. In such circumstances, where an additional amount is payable by the Issuer or the Guarantor, the Issuer may have the option to redeem the Notes in accordance with the Terms and Conditions.

Australian Resident holders

The income received by Australian resident holders will be included in the assessable income of those holders for Australian income tax purposes. Such Australian resident holders that derive a gain on a sale or redemption of Notes may be subject to Australian tax on such gain.

The proposed Financial Transactions Tax (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission’s Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance of, and subscription for, the Notes should, however be exempt.

Under the Commission’s Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and/or participating Member States may decide to withdraw. Therefore, it is currently uncertain whether and when the proposed FTT will be enacted by the participating Member States and when it will take effect with regard to dealings in the Notes.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a withholding may be required on, among other things, (i) certain payments made by “foreign financial institutions” (**foreign passthru payments**), and (ii) dividend equivalent payments (as described below in “*U.S. Hiring Incentives to Restore Employment Act and Section 871(m) of the U.S. Internal Revenue Code*”), in each case, to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including Australia) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to foreign passthru payments, such withholding would not apply prior the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the relevant grandfathering date generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). The grandfathering date for (A) Notes that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, and (B) Notes that give rise to a dividend equivalent pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 and the U.S. Treasury regulations promulgated thereunder, is six months after the date on which obligations of its type are first treated as giving rise to dividend equivalents. However, if additional Notes (as described under “*Terms and Conditions of the Notes— Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

U.S. Hiring Incentives to Restore Employment Act and Section 871(m) of the U.S. Internal Revenue Code

The U.S. Hiring Incentives to Restore Employment Act introduced Section 871(m) of the U.S. Internal Revenue Code of 1986 which treats a “dividend equivalent” payment as a dividend from sources within the United States. Under Section 871(m), such payments generally would be subject to a 30 per cent. U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the IRS. A “dividend equivalent” payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a “specified notional principal contract” that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) or (ii). Recently published final U.S. Treasury regulations issued under Section 871(m) and applicable guidance (the **Section 871(m) Regulations**) require withholding on certain non-U.S. holders of Notes with respect to amounts treated as attributable to dividends from certain U.S. securities. Under the Section 871(m) Regulations, only a Note that has an expected economic return sufficiently similar to that of the underlying U.S. security, as determined on the Note’s issue date based on tests set forth in the Section 871(m) Regulations, will be subject to the Section 871(m) withholding regime (making such security a **Specified Security**). The Section 871(m) Regulations provide certain exceptions to this withholding requirement, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on a Specified Security or upon the date of maturity, lapse or other disposition by the non-U.S. holder of the Specified Security. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Security, withholding generally will still be required even if the Specified Security does not provide for payments explicitly linked to dividends. Additionally, the Issuer may withhold the full 30 per cent. tax on any

payment on the Notes in respect of any dividend equivalent arising with respect to such Notes regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law (including, for the avoidance of doubt, where a non-U.S. holder is eligible for a reduced tax rate under an applicable tax treaty with the United States). A non-U.S. holder may be able to claim a refund of any excess withholding provided the required information is timely furnished to the U.S. Internal Revenue Service. Refund claims are subject to U.S. tax law requirements and there can be no assurance that a particular refund claim will be timely paid or paid at all. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

The Section 871(m) Regulations will generally apply to Specified Securities issued on or after 1 January 2017. If the terms of a Note are subject to a “significant modification” (as defined for U.S. tax purposes), the Note generally would be treated as retired and reissued on the date of such modification for purposes of determining, based on economic conditions in effect at that time, whether such Note is a Specified Security. Similarly, if additional Notes of the same series are issued (or deemed issued for U.S. tax purposes, such as certain sales of Notes out of inventory) after the original issue date, the IRS could treat the issue date for determining whether the existing Notes are Specified Securities as the date of such subsequent sale or issuance.

Consequently, a previously grandfathered Note, or otherwise out of scope Note, might become a Specified Security following such modification or further issuance.

The final terms as set out in the applicable Pricing Supplement will indicate whether the Issuer has determined that Notes are Specified Securities and will specify contact details for obtaining additional information regarding the application of Section 871(m) to Notes. If Notes are Specified Securities, a non-U.S. holder of such Notes should expect to be subject to withholding in respect of any dividend-paying U.S. securities underlying those Notes. The Issuer’s determination is binding on non-U.S. holders of Notes, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to Notes linked to U.S. securities and their application to a specific issue of Notes may be uncertain. Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Notes.

SUBSCRIPTION AND SALE

The Dealers have, in an amended and restated programme agreement dated 25 October 2017, as supplemented by a supplemental programme agreement dated 12 November 2019 and as further supplemented by a supplemental programme agreement dated 19 November 2020 (as further amended or supplemented from time to time, the **Programme Agreement**), agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*” and “*Terms and Conditions of the Notes*”. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state in the United States, and may not be offered, sold or resold within the United States or to, or for the account or benefit of U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Each Dealer represents and agrees that it has not offered and sold any such Notes, and will not offer and sell any such Notes (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, as determined and certified by the relevant lead manager, within the United States or to, or for the account or benefit of, U.S. person. “The Securities covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**), and may not be offered, sold or resold within the United States or to, or for the account or benefit of, any U.S. persons under the Securities Act) (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Securities as determined and certified by the relevant Dealer, in the case of a non-syndicated issue, or the Lead Manager, in the case of a syndicated issue, and except in either case pursuant to a valid exemption from registration in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them by Regulation S.”

Terms used in this section have the meanings given to them by Regulation S.

Each Dealer represents and agrees that it, its affiliates or any persons acting on its or their behalf have not engaged and will not engage in any directed selling efforts with respect to any Note, and it and they have complied and will comply with the offering restrictions requirement of Regulation S.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury Regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and regulations promulgated thereunder.

In addition in respect of Bearer Notes where TEFRA D is specified in the applicable Pricing Supplement:

- (a) except to the extent permitted under U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (the **D Rules**), each Dealer (i) represents and covenants that it has not offered or sold, and agrees and covenants that during the restricted period it will not offer or sell, Notes in bearer form to a person who is within the United States or its possessions or to a United States person, and (ii) represents and covenants that it has not delivered and agrees and covenants that it will not deliver within the United States or its possessions Notes in bearer form that are sold during the restricted period;
- (b) each Dealer represents and covenants that it has and agrees and covenants that throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes in bearer form are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;

- (c) if it is a United States person, each Dealer represents and covenants that it is acquiring Notes in bearer form for purposes of resale in connection with their original issuance and if it retains Notes in bearer form for its own account, it will only do so in accordance with the requirements of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D)(6) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010);
- (d) with respect to each affiliate that acquires Notes in bearer form from a Dealer for the purpose of offering or selling such Notes during the restricted period, such Dealer repeats and confirms the representations, covenants and agreements contained in subclauses (a), (b) and (c) on such affiliate's behalf; and
- (e) each Dealer agrees that it will obtain from any distributor (within the meaning of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D)(4)(ii) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010)) that purchases any Notes in bearer form from it pursuant to a written contract with such Dealer (except a distributor that is one of its affiliates or is another Dealer), for the benefit of the Issuer and each other Dealer, the representations contained in, and such distributor's agreement to comply with, the provisions of subclauses (a), (b), (c) and (d) of this paragraph insofar as they relate to the D Rules, as if such distributor were a Dealer hereunder.

Terms used in this section have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and regulations promulgated thereunder, including the D Rules.

In respect of Bearer Notes where TEFRA C is specified in the applicable Pricing Supplement, such Bearer Notes must be issued and delivered outside the United States and its possessions in connection with their original issuance. Each Dealer represents, covenants and agrees that it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly (including through an agent), such Bearer Notes within the United States or its possessions in connection with their original issuance. Further, each Dealer represents, covenants and agrees in connection with the original issuance of such Bearer Notes that it has not communicated, and will not communicate, directly or indirectly (including through an agent), with a prospective purchaser if either a Dealer, agent or such purchaser is within the United States or its possessions and will not otherwise involve its United States office or a United States possession office in the offer, sale, delivery, advertisement or promotion of such Bearer Notes. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and U.S. Treasury Regulation section 1.163-5(c)(2)(i)(C) (or any successor U.S. Treasury Regulation Section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010).

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each issue of Index Linked Notes or Dual Currency Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issue and purchase of such Notes, which additional selling restrictions shall be set out in the applicable Pricing Supplement. Each relevant Dealer agrees that it shall offer, sell and deliver such Notes only in compliance with such additional U.S. selling restrictions.

- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom.

Prohibition of sales to EEA and UK Retail Investors

Unless the Pricing Supplement in respect of any Notes specifies the “Prohibition of Sales to EEA and UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Offering Circular as completed by the Pricing Supplement in relation thereto to any retail investor in the European Economic Area and the UK. For the purposes of this provision:

- (a) the expression **retail investor** means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or

- (b) the expression an **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

If the Pricing Supplement in respect of any Notes specifies the “Prohibition of Sales to EEA and UK Retail Investors” as “Not Applicable”, in relation to each Member State of the EEA and the UK (each a **Relevant State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Offering Circular as completed by the Pricing Supplement in relation thereto to the public in that Relevant State except that it may make an offer of such Notes to the public in that Relevant State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision:

- the expression an **offer of Notes to the public** in relation to any Notes in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes; and
- the expression **Prospectus Regulation** means Regulation (EU) 2017/1129.

Singapore

Each Dealer acknowledges, and each future Dealer appointed under the Programme will be required to acknowledge, that this Offering Circular has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed, and each future Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase, and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Offering Circular or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (a) to an institutional investor (as defined in Section 4A of the Securities and Futures Act (Chapter 289) of Singapore, as modified or amended from time to time (the **SFA**)) pursuant to Section 274 of the SFA, (b) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA or to any person pursuant to Section 275(1A) of the SFA and in accordance with the conditions specified in Section 275 of the SFA, or (c) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Notes are subscribed or purchased under Section 275 of the SFA by a relevant person who is:

- (a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities or securities-based derivatives contracts (each term as defined in Section 2(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within 6 months after that corporation or that trust has acquired the Notes pursuant to an offer made under Section 275 of the SFA except:

- (iv) as specified in Section 276(7) of the SFA; or
- (v) as specified in Regulation 37A of the Securities and Futures (Offers of Investments) (Securities and Securities-based Derivatives Contracts) Regulations 2018 of Singapore.

Australia

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it:

- (a) must not make any offer or invitation (directly or indirectly) in, to or from Australia or which is received by a person in Australia in relation to the issue, sale or purchase of any Notes unless the offeree or invitee is required to pay at least A\$500,000 for the Notes or its foreign currency equivalent (in either case disregarding amounts, if any, lent by the offeror or other person offering the Notes or its associates (within the meaning of those expressions in Part 6D.2 of the Corporations Act 2001 (Cth) of Australia (the **Corporations Act**)), or it is otherwise an offer or invitation in respect of which by virtue of Section 708 of the Corporations Act, or otherwise, no disclosure is required to be made under Parts 6D.2 or 7.9 of the Corporations Act and provided that in any case the offeree or invitee is not a retail client (within the meaning of section 761G of the Corporations Act); and
- (b) has not circulated or issued and must not circulate or issue a disclosure document relating to the Notes in Australia or which is received in Australia which requires lodging under Division 5 of Part 6D.2 or under Part 7 of the Corporations Act and has not advertised or published and must not advertise or publish an offer or intended offer which needs such a disclosure document in Australia including any advertisement or published statement received in Australia.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree, that, in connection with the primary distribution of any Notes, it will offer such Notes in a manner which will allow payments of interest, or amounts in the nature of interest, on such Notes to be exempt from Australian interest withholding tax under section 128F of the Australian Tax Act.

In particular, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not sell any Note to a person if, at the time of the sale, the officers of the Dealer involved in the offer or sale knew or had reasonable grounds to suspect that, as a result of the sale, such Note, or an interest in such Note, was being, or would later be, acquired (either directly or indirectly) by an Offshore Associate of the Issuer other than one acting in the capacity of dealer, manager or underwriter in relation to the placement of such Notes or in the capacity of a clearing house, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act. For the avoidance of doubt, if a Dealer does not know, or does not have reasonable grounds to suspect, that a person is an Offshore Associate of the Issuer, nothing in this paragraph obliges such Dealer to make positive inquiry of that person to confirm that such person is not an Offshore Associate. Offshore Associate of the Issuer means an associate (as defined in section 128F of the Australian Tax Act) of the Issuer that is either a non-resident of the Commonwealth of Australia which does not acquire Notes in carrying on a business at or through a permanent establishment in Australia or, alternatively, a resident of Australia that acquires such Notes in carrying on business at or through a permanent establishment outside of Australia.

None of the Issuer nor any of the Dealers represent that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction that would permit a public offering of any of the Notes, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating any such sale.

Credit ratings are for distribution only to a person:

- (a) who is not a 'retail client' within the meaning of section 761G of the Corporations Act and is also a sophisticated investor, professional investor or other investor in respect of whom disclosure is not required under Parts 6D.2 or 7.9 of the Corporations Act; and
- (b) who is otherwise permitted to receive credit ratings in accordance with applicable law in any jurisdiction in which the person may be located.

Anyone who is not such a person is not entitled to receive this Offering Circular and anyone who receives this Offering Circular must not distribute it to any person who is not entitled to receive it.

With regard to each Tranche, the relevant Dealer will be required to comply with any additional restrictions as the Issuer and the relevant Dealer shall agree and as shall be set out in the applicable Pricing Supplement.

The Dealers and certain of their affiliates may have performed certain investment banking and advisory services for the Issuer, the Guarantor, their subsidiaries and/or their respective affiliates from time to time for which they have received customary fees and expenses and may, from time to time, engage in transactions with and perform services for the Issuer, the Guarantors, their subsidiaries and/or their respective affiliates in the ordinary course of their business. The Dealers or their respective affiliates are, or may in the future be, lenders to the Issuer, the Guarantors, their subsidiaries and/or their respective affiliates. In connection with each Tranche of Notes issued under the Programme, the Dealers or certain of their affiliates may purchase Notes and be allocated Notes for asset management and/or proprietary purposes but not with a view to distribution.

In connection with each Tranche of Notes issued under the Programme, subject to any Dealer's obligations in relation to section 128F of the Tax Act, any Dealer or any of its respective affiliates may purchase Notes for its own account and enter into transactions, including credit derivatives, such as asset swaps, repackaging and credit default swaps relating to such Notes and/or other securities of the Issuer, the Guarantors or their subsidiaries or associates at the same time as the offer and sale of each Tranche of Notes or in secondary market transactions. Such transactions would be carried out as bilateral trades with selected counterparties and separately from any existing sale or resale of the Tranche of Notes to which a particular Pricing Supplement relates (notwithstanding that such selected counterparties may also be purchasers of such Tranche of Notes).
