We're here for you no matter how you want to shop with us

Over the past few weeks, we have seen a huge surge in demand for our online services and we want to continue to support our customers with shopping in a way that's most convenient for them. That's why we're doing things a little bit differently at Kmart...

Recently we made the decision to temporarily convert three of our 240 stores into order fulfilment sites to help support the growing demand for our online home delivery services.

These stores are Kmart Brandon Park in Victoria, Kmart Top Ryde in New South Wales and Kmart Caboolture in Queensland.

Our store teams continue to work instore, as part of the fulfillment team; ensuring that our Kmart customers and communities have easy access to the products they need, at the time they need them most.

We will continue to offer free delivery on all online orders over \$45 to help support our customers during this time.

Our deepest appreciation and thanks to the local communities for their understanding and support for this change or something similar.
